* Respondents who did not indicate program or subspecialty are included in the "overall" tally for their academic department.

** Percentages may not total to 100 due to rounding.

*** FT = Full-Time Employment, PT = Part-Time Employment, CE = Continuing Education, UEC = Unemployed by Choice, UE = Unemployed, NR = No Response

† Placement Rate is calculated using the formula: (FT+PT+Other Employed)/(No. of Respondents minus [those enrolled or still on clinical at time of survey + those pursuing advanced degrees])

This is a different calculation than used in previous years. See the explanation in the Career Development Center section of this Annual Repo

†† Thomas Jefferson University Hospital and the preferred affiliate hospitals

††† Employers in Delaware, New Jersey, and Pennsylvania

∞ Only Full-Time salaries are included. Hourly wages of FT respondents were converted to annual salary using the formula: ((wageX40)X52).

∞∞ In some cases, salaries are reflective of positions held prior to starting academic program at TJU (examples: Transitional DPT and MS-RIS).

Please Note: Occupational Therapy graduates from December 2007 are counted in class of 2008 (a newer model).
