Accepted abstracts will be published in the conference booklet and on the JCIPE website.

JCIPE is committed to providing continuing education credits to conference participants. We are required to adhere to the requirements of various accrediting bodies and professional organizations. Each discipline has its own unique requirements of educational activities and the organizations that provide them. Because JCIPE strives to make as many of its educational activities as possible eligible for CME, CEH, ACPE, or CNE Contact Hours; it is essential that all authors, not just presenters, meet all continuing education requirements and follow discipline-specific regulations. All authors of accepted abstracts will be required to complete an online Conflict of Interest (COI) form and Statement of Confidentiality. All authors must adhere to the COI policy set by the Accreditation Council for Continuing Medical Education (ACCME). The ACCME defines a conflict of interest as existing in the presence of any financial benefit to an individual who is in a position to control the content of a CME activity. For more information, please refer to the ACCME Policy. All accepted authors will be required to complete and submit a Content Planning Form no later than one month prior to the program.
