Colon Cancer Live Webcast June 9

People logging on to the Web June 9 at 4:30 p.m. can watch, from the comfort of home or office, physicians from five specialties at Thomas Jefferson University Hospital gathered for a live Webcast to discuss colon cancer—the second leading cause of cancer-related deaths in the United States. The Webcast will be before a live audience—a first for the Philadelphia area.

“Screening for colon cancer enables us to find and remove polyps at an early stage,” explains Webcast moderator Richard C. Wender, MD, Alumni Professor and William Rorer Professor of Medicine and Director, Division of Genetic and Preventive Medicine, Thomas Jefferson University, as a member of the Consortium for Academic Continuing Medical Education (ACGME). “Finding polyps early is important because polyps can become cancerous if they are not removed.”

The physician panel representing specialties that deal with colon and rectal cancer screening and treatment will participate in the Webcast discussion covering genetics, traditional and virtual colonoscopy, and colorectal surgery. Panelists will answer questions from a live audience and from email. Patients will discuss their experiences with colorectal screenings.

The physician panel, in addition to Dr. Wender Anthony J. DiMarino Jr., MD, William Rorer Professor of Medicine and Director, Division of Gastroenterology and Hepatology; Bruce Roman, MD, PhD, Professor of Medicine and of Immunology and Microbiology and Director, Division of Genetic and Preventive Medicine; Anthony Infaltollo, MD, Clinical Professor of Medicine and Director, Endoscopic Ultrasound and Photodynamic Therapy, Division of Gastroenterology and Hepatology; Anna Lev-Tassil, MD, Professor of Radiology; Scott Goldenstein, MD, Assistant Professor of Surgery and Director, Division of Colorectal Surgery.

The live Webcast can be viewed at www.jeffersonhospital.org/webcast. A replay version will be available June 10.

“Colon Cancer: The Facts Can Save Lives” is approved for AMA PRA Category 1 credit. Jefferson Medical College of Thomas Jefferson University, as a member of the Consortium for Academic Continuing Medical Education, is accredited by the ACCME to provide continuing medical education for physicians.

With families and friends overflowing McClellan Hall as Jefferson Medical College seniors received news of their matches to residency programs around the country, Match Day 2004 featured one very special extra “match.” After receiving his first choice for his residency, at the University of Michigan, John Girbir presented his fiancé Lisa McIntyre with a written summary of what he described as his true first choice “match.” In fact, it was his marriage proposal which Lisa read before John got on one knee to seek her acceptance, then slipped a sparkling diamond on her ring finger. “I got matched too!” Lisa exclaimed later. A Center City attorney with new plans to move to Michigan, she says, “I was completely surprised and shocked.”

Kicking Off 2004 ‘Big Walk for Little Feet’

A breakfast gathering enabling mothers and their young children to meet and renew friendships with Jefferson doctors and nurses kicked off the 2004 “Big Walk for Little Feet.”

The highly successful walk, part of the 27th Annual Jefferson Hospital Philadelphia Distance Run, is set for Sunday, September 19. Walkers help raise funds for Jefferson’s Labor and Delivery Suite and the Neonatal Intensive Care Unit (NICU) at the Jefferson Hospital for Neuroscience, has been named “Nurse of the Year.”

The special honor was awarded during a live MIX 95.7 radio broadcast with Joe Mama and Linda Love saluting nurses throughout the Delaware Valley. Jefferson helped sponsor the week-long series of broadcasts from area hospitals.

Arlene M. Greiner, RN, a staff nurse in the Neonatal Intensive Care Unit (NICU) at the Jefferson Hospital for Neurosurgery, has been named “Nurse of the Year.”

Arlene M. Greiner, RN, a staff nurse in the Neonatal Intensive Care Unit (NICU) at the Jefferson Hospital for Neurosurgery, has been named "Nurse of the Year." She was chosen because of her:

• Commitment and compassion towards patients and their families
• Exceptional work with all disciplines within the hospital network
• Great leadership qualities, role as team player
• Commitment to education and mentorship
• Advocacy for patients
New Awards Recognize Jefferson Medical College Faculty

Thomas J. Nasca, MD, Senior Vice President and Dean, Jefferson Medical College, has instituted two new awards to recognize faculty for outstanding contributions to education and mentoring at Jefferson. These awards involve nomination of the faculty member by the Chair and peer review by the Educational Development Advisory Committee to the Office of Faculty Affairs. This year’s awards were honored at a May reception, hosted by Dr. Nasca, at the Union League.

Dean’s Citation for Significant Contributions to the Advancement of Education at Jefferson Medical College

Biochemistry/Molecular Pharmacology Carol L. Beck, PhD, Emergency Medicine Paul Francis Kolczak, MD, Hematology/ Oncology Christine Jerpbak, MD, Michael P. Rosenthal, MD Medicine Salvatore Mangione, MD, John M. Spandorfer, MD Oncology/Surgery Serge A. Jabbour, MD, Robert N. Rosen, MD Obstetrics/Gynecology Thomas A. Klein, MD, Ophthalmology William E. Benson, MD, Ralph C. Eagle Jr., MD Radiology John Raymond Sheehy, PhD, Elliot L. Mancall, MD Psychiatry John C. Kairys, MD, Howard K. Rabinowitz, MD, Christine A. Arenson, MD Psychology Elliott L. Mancall, MD, Robert Neroni Photography

Jefferson Observes National Public Health Week

To observe National Public Health Week, the Jefferson College of Graduate Studies (JCGS) hosted a series of events focusing on the continuing disparities in health. Highlights included several lectures, community outreach and health screenings, and the presentation of an Inaugural Excellence in Community Service award to Ms. Lily Yet of the Village of Arts and Humanities for her work in enhancing the quality of life in several neighborhoods in lower North Philadelphia.

The week was coordinated by Dr. Savacool in collaboration with the Jefferson Public Health Society (JPHS). Pronounced “safe” – for Safety, Awareness, and Public Health Education at Jefferson – the JPHS was founded by Ahmad B. Naim, MD, in 1992, to advance public health education and bring prevention and health promotion into the community. Membership primarily consists of students in both the School of Public Health (SHPH) program at Jefferson’s College of Graduate Studies (JCGS); however, it is free and open to the entire Jefferson community and beyond.

2004 Honorary Degree Recipients

J. Woodrow Savacool, MD, JMC ‘38, Doctor of Letters

J. Woodrow Savacool, MD, JMC ‘38, is an Honorary Clinical Associate Professor of Medicine, Jefferson Medical College (JMC). In 1999, he received the Dean’s Medal for long and distinguished service. Continuing an avid interest in the history of medicine and Jefferson, in his retirement years he has served as Jefferson’s Associate Historian since 1987. Dr. Savacool worked as co-editor alongside Frederick B. Wagner, MD, JMC ‘48, in developing three definitive books about Jefferson’s history: Tradition and Heritage, published in 1989; A Chronological History and Alumni Directory, 1992; and Legend and Lore, 1995. Some years ago, friends and colleagues established the J. Woodrow Savacool Prize in Medical Ethics, presented during the Class’s College Day exercise the week of commencement. The Prize is awarded to a senior medical student who embodies the ideal of Dr. Savacool’s “caring commitment to moral and ethical values in medicine.”

David Levinson Leach, MD, Doctor of Letters

David Colin Leach, MD, is the Executive Director of the Accreditation Council for Graduate Medical Education (ACGME), the organization responsible for the accreditation of post- MD medical training programs within the United States.

After earning an MD from the University of Rochester School of Medicine and Dentistry in 1969, Dr. Leach completed residency training in internal medicine and endocrinology at the Henry Ford Health System in Detroit. Following his interest in medical education, he was Assistant Dean at the University of Michigan for several years primarily directing the Henry Ford Health System experiences for Michigan students. He later became Director of Medical Education at Henry Ford, and subsequently played a role in the new Master of Science in Public Health (MSPH) program at the college’s College of Graduate Studies (JCGS); however, it is free and open to the entire Jefferson community and beyond.

Student AOA Holds Annual Banquet, Sponsors Visiting Professorship Lecture

The Jefferson Medical College chapter of the AOA, The Medical Honor Society, held its annual spring banquet with ceremonies inducting junior members of the Class of 2005 and honoring graduating seniors from the Class of 2004. In addition, two Jefferson house staff and two faculty members were inducted into AOA and two Jefferson alumni honored for their service.

This year’s honored guest was Dr. Sanjiv Gupta, medical correspondent for CNN and practicing neurosurgeon at Emory University’s School of Medicine. Following lunch with students in Eakins Lounge, Dr. Gupta presented a lecture, “After Medical School, What Lies Ahead?” and at McClay Hall delivered the Annual AOA Visiting Professorship Address to the Jefferson community. “Responsibilities.”

The Annual Spring Banquet is the only event that formally recognizes AOA members for their many voluntary services to the Jefferson and greater Philadelphia communities.
Mitchell J.M. Cohen, MD, Honored by Class of 2004

Portrait Presentation

The Class of 2004, Jefferson Medical College (JMC), honored Mitchell J.M. Cohen, MD, Clinical Associate Professor of Psychiatry, by selecting him for the Annual Senior Portrait Presentation.

Mary Kate McCullen, JMC ‘04, Chair of the Portrait Presentation Committee, provided opening and closing remarks. Michael J. Vergare, MD, Chair of Psychiatry, commented on Dr. Cohen’s career and contributions to his Department. Timothy P. Brigham, PhD, Associate Dean, Organizational Development and Chief of Staff, JMC, presented Dr. Cohen’s full biographical sketch.

Paul C. Brucker, MD, University President, accepted the portrait on behalf of the University Board of Trustees.

Dr. Cohen with his wife Cathy Morse Cohen, RN, MD, and two sons Tyler, 12, and Spencer, 7.

Two Jefferson Faculty Reaching Out to Patients in Brazil

Two Jefferson faculty members visited a special clinic in Sao Paulo, Brazil in a ground-breaking trip to meet and examine patients affected with a disease named Fibrodysplasia Ossificans Progressiva (FOP). Over the last year a team of anesthesiologists, dental and maxillofacial surgeons and operating room nurses have performed numerous procedures on FOP patients, making Thomas Jefferson University Hospital a treatment hub for patients with this disease. The successful treatments improved the quality of life of these patients, who came from all over the United States and abroad from countries like Serbia and India.

The purposes of the visit to Sao Paulo by Zvi Granwald, MD, the James D. Wentzler MD, Professor and Chair of Anesthesiology, and Burton L. Nussbaum, DDS, Clinical Attending Special Needs Dentist and Pediatric Dentist, Department of Dentistry and Oral and Maxillofacial Surgery, was to establish a local clinic sponsored by Jefferson physicians that will serve the population of patients from all of South America who cannot afford the cost of treatment in the United States. Drs. Granwald and Nussbaum visited the Universidade Federal De Sao Paulo – UNIFESP. Escola Paulista De Medicina – EPM, lectured at the Medical School and examined patients at the clinic of the Otolaryngology Department.

Emergency Medicine Honors Philadelphia Health Commissioner

Jefferson’s Emergency Medicine Department presented John Donalski, Commissioner, Philadelphia Department of Health, with its third annual Distinguished Lecturer Award.

Theodore A. Christopher, MD, Department Chair, presented the honor at the conclusion of Dr. Donalski’s address to Jefferson physicians, residents, nurses and other staff. “The Face of Philadelphia’s Public Health.”

In his presentation, Mr. Donalski summarized the priorities of the City’s Public Health Department: enhancing the use of public health data to better target neighborhood level interventions, strengthening the city’s response system to health emergencies and improving the department’s ability to deliver culturally competent services to diverse communities. Among other resources, the department operates eight health centers that deliver primary care to citizens throughout the city.

Organizing the event with Dr. Christopher were Theodore Corbin, MD, Medical Director of Jefferson’s Youth Violence Prevention Program, and Linda Davis-Moon, MSN, CRNP, Administrator for Research and Development, Emergency Medicine. Also participating was Edward H. Jasper, MD, Director of Bioterrorism and Disaster Preparedness.

“A Colorful Evening of Culture” 

“Colorful Evening” (“Rangeeli Shaam”) was the apt theme of the spring Cultural Show and Dinner that brought a capacity crowd to the Center for Helen Hall for an entertaining evening of song, dance and comedy performed by students from all five of Philadelphia’s medical schools: Jefferson Medical College, Drexel University College of Medicine, Philadelphia College of Osteopathic Medicine, Temple University School of Medicine, and the University of Pennsylvania School of Medicine. A dinner buffet followed the entertainment. All proceeds went to the Vidalaya Foundation, “One Teacher School,” supporting education in rural India. To learn more, visit www.vidalaya.org.

BROWN BAG LUNCHES

Lunch and go fishing club will be held for staff, students and other members of the Jefferson community. The meeting will be held every third Wednesday of each month, noon to 1 p.m. Parkwood. Contact John at 215-955-3892 for more information.

CONFERENCE AND SEMINARS

Thursday, June 3

• Internal Medicine, Jeff Riggio, MD. Internal Medicine. “Cholesterol and Smoking.” 8 a.m., 833 Chestnut St. Suite 201.

Thursday, June 10

• Pediatric Cardiology, Dr. Hydar Ali, University of Pennsylvania, Thursday, June 3, 8:30 a.m., 101 BLSB.

Friday, June 11

• Social Work, Dr. Hydar Ali, University of Pennsylvania, Thursday, June 3, 8:30 a.m., 101 BLSB.

Saturday, June 12

• Pediatric Cardiology, Dr. Hydar Ali, University of Pennsylvania, Thursday, June 3, 8:30 a.m., 101 BLSB.

Wednesday, June 17

• Internal Medicine: Paul Markey, MD. “Uncomplicated” 8 a.m., 833 Chestnut St. Suite 201.

• Womencare/Health Sciences, Dr. Hydar Ali, University of Pennsylvania, Thursday, June 3, 8:30 a.m., 101 BLSB.

Wednesday, June 24

• Surgery, Dr. Hydar Ali, University of Pennsylvania, Thursday, June 3, 8:30 a.m., 101 BLSB.

Wednesday, June 30

• Internal Medicine: Dr. Hydar Ali, University of Pennsylvania, Thursday, June 3, 8:30 a.m., 101 BLSB.

Thursday, July 11

• Pediatrics, John Tung, MD, Assistant Professor of Medicine, University of Pennsylvania, Thursday, June 3, 8:30 a.m., 101 BLSB.

Thursday, July 22

• Medical Staff, 4 p.m., McClellan Hall.

Monday, July 6

• Social Service Review, 4 p.m., McClellan Hall.

Tuesday, July 7

• Pediatric Cardiology, Nicholas G. Spanos, MD, FRCP(C), 8 a.m., 101 BLSB.

Tuesday, July 14

• General Surgery, Robert L. Perkel, MD, 7 to 9 a.m., 101 BLSB.

Wednesday, July 15

• Pediatrics, John Tung, MD, Assistant Professor of Medicine, University of Pennsylvania, Thursday, June 3, 8:30 a.m., 101 BLSB.

Wednesday, July 22

• Medical Staff, 4 p.m., McClellan Hall.

Wednesday, July 29

• Pediatric Cardiology, Nicholas G. Spanos, MD, FRCP(C), 8 a.m., 101 BLSB.

Thursday, July 30

• Pediatric Cardiology, Nicholas G. Spanos, MD, FRCP(C), 8 a.m., 101 BLSB.

Wednesday, August 5

• Pediatric Cardiology, Nicholas G. Spanos, MD, FRCP(C), 8 a.m., 101 BLSB.

Friday, August 7

• Medical Staff, 4 p.m., McClellan Hall.

Friday, August 14
