## About this Directory

The *Student Organization Directory* is intended to be a comprehensive guide for the members of the Jefferson community interested in participating in campus activities. The goal of the *Student Organization Directory* is to provide listings for every club, committee, group, organization and honor society on campus. However, the editors acknowledge that there are probable omissions.

We hope that this 12<sup>th</sup> edition of the *Student Organization Directory* will correct any oversights in the previous edition. Therefore, if your organization is not included in the following pages, please complete the *Student Organization Directory* Submission Form on the *Student Organization Link* on PULSE. Please help make the *Student Organization Directory* as comprehensive as possible.

## Using the *Student Organization Directory*

All organizations are listed alphabetically. Please refer to the Table of Contents for specific listings. Readers are encouraged to peruse the *Student Organization Directory* and call or write to the appropriate contact person if any listings interest them.

## Who's Responsible?

The *Student Organization Directory* is a publication of the Thomas Jefferson University Activities Office. Please address all comments and corrections to:

Activities Office

# THOMAS JEFFERSON UNIVERSITY

## STUDENT RIGHTS, FREEDOMS AND RESPONSIBILITIES

### STUDENT ORGANIZATIONS

- A. Students are free to organize and join associations that promote their common interests. Organizations that operate in a manner consistent with the University's mission, regulations, and policies, including its non-discrimination policies and meet the requirements below may be recognized by the University. If recognized, such organizations may seek funding from University sources. The requirements for recognition are:
1. The membership, policies, and actions of a student organization shall be developed only by vote of those persons who are matriculated students of Thomas Jefferson University.
  2. Each student organization that seeks recognition by the University is required to submit to the Office of Student Affairs and/or the appropriate oversight body of its college complete bylaws, a statement of purpose, criteria for membership, rules of procedure, a current list of officers and members, and the name of a designated faculty or administrative staff advisor. Any changes in the preceding modus operandi, or advisor must be submitted to the college's Office of Student Affairs within two weeks of the change. Such organizations must annually resubmit for recognition and/or funding.\*
  3. The advisor shall be chosen with his or her consent. Advisors will advise organizations about University policies and procedures. However, the advisor does not have the authority to control the policy of such organizations.
  4. Recognized organizations must refrain from:
    - a) Using the organization for the financial enrichment of any officer, member, or affiliate of the student organizations.
    - b) Directly or indirectly using University resources for the express benefit of external affiliates.
    - c) Maintaining outside bank accounts. (Accounting for such organizations will be through the TJU Controller's Office or the Activities Office.)
    - d) Using the name of the University or any of its divisions on private bank accounts.
    - e) Entering or attempting to enter into contractual obligations on behalf of the University or any of its divisions or departments without prior written authorization from the appropriate University senior officer or his or her designee. The organization's advisor may not give such consent.
    - f) Soliciting funds outside of the University without the written approval by the student affairs office of the appropriate college.
- B. A campus student organization may be affiliated with a parent or corresponding extramural organization, but the campus student organization must:
1. Disclose to the University oversight body such extramural affiliations.
  2. Provide the constitution and bylaws of any affiliated organization.
  3. Certify that all conditions for affiliation meet the standards of the University.
- C. A student who misrepresents his/her own or a group's relationship with the University or violates any of his/her college's or the University's rules shall be subject to sanctions.
- D. Student groups that are not recognized by the University
1. May not represent themselves as affiliated with the University or any of its parts.
  2. May not receive funds from the University.
  3. May use University facilities only if they meet the requirements for use of University facilities by outside parties and meet the requirements stated in section A.4.

---

\* On behalf of the Offices of Student Affairs, the Activities Office Advisory Committee reviews and approves proposals to establish new student organizations from all colleges and schools. The Activities Office Advisory Committee also provides financial assistance to student organizations through an annual budget process, emergency funding, and alcohol-free programming grants.

# Active Minds at Thomas Jefferson University

(Open to all members of the Jefferson community)

The mission of Active Minds is to reduce the stigma around mental health by creating a campus where students feel encouraged to speak openly about mental health and seek help.

Active Minds at Thomas Jefferson University was founded in March, 2012 and is open to all students. There are no dues or fees.

# Activities Office Advisory Committee

(Open to all members of the Jefferson community by appointment)

The purpose of the Activities Office Advisory Committee is to recommend and plan events, programs, co-curricular classes and ticket sales for the Jefferson campus community. The Activities Office Advisory Committee reviews and approves proposals to establish new student organizations from all colleges and schools and provides financial assistance to student organizations through an annual budget process, emergency funding, and alcohol-free programming grants.

The Activities Office Advisory Committee has been in existence for eight years. There are no dues or fees.

# Alpha Eta Honor Society

(Open to qualifying Jefferson School of Health Professions and Jefferson School of Nursing Students and Faculty)

Established in 1975, the Alpha Eta Society is the national scholastic honor society for the allied health professions, consisting of more than 20,000 members at 76 chapters in colleges and universities nationwide. Its purpose is to promote and recognize significant scholarship, leadership and contributions to nursing and the allied health professions.

Student Candidates must:

- be enrolled in the last year of their academic program.
- have achieved, as of the Fall Semester of their last year, a minimum cumulative grade point average of 3.50 in undergraduate degree programs or post-baccalaureate certificate programs; or a 3.80 in graduate degree or post-master's degree certificate programs.
- submit a current resume and a one-page typed statement of capacity for leadership and achievement in their chosen health field.
- provide a letter of support from a Jefferson School of Health Professions or Jefferson School of Nursing faculty member.

The Society sponsors the Alpha Eta Book Award, a monetary award given at the annual induction ceremony in May based on academic achievement and leadership qualities.

The Thomas Jefferson University chapter of the Alpha Eta Honor Society, which was established in 1982, is the 22<sup>nd</sup> chapter to be formed in the country. Annual dues are \$15.

# Alpha Omega Alpha Honor Medical Society

(Open to qualifying Jefferson Medical College Third and Fourth year Students, Residents and Faculty)

Founded in 1902, Alpha Omega Alpha Honor Medical Society has chapters at more than 125 medical schools in the United States and Canada. The Jefferson Chapter, Pennsylvania Alpha, was founded in 1903, the fifth to be chartered and the first to be established on the East Coast. The Jefferson Chapter strives to provide and foster leadership and to role model excellence and active involvement in community services by medical students and physicians through sponsorship of about 30 educational and service projects at Jefferson and in the community. The Chapter has become one of the most active and productive in the nation. All students, not just those in AΩA, may participate in and benefit from the projects.

As established by the national organization constitution, each chapter may select one-sixth of each class among academically eligible (top quartile GPA) junior and senior students, based upon academic, leadership, compassion, fairness, integrity and service criteria. Several house staff, faculty and alumni also may be elected to membership by the chapter each year.

# Alpha Sigma Lambda National Honor Society

(Open to Jefferson School of Health Professions Department of General Studies students)

The Alpha Sigma Lambda National Honor Society was founded in 1945-46 by Dr. Rollin B. Posey, former Dean of University College at Northwestern University, to recognize and encourage adult students' scholastic achievement in continuing higher education programs while fulfilling the many responsibilities of family, work and community service. Membership is restricted to matriculated students in associate and baccalaureate degree programs offered through the Department of General Studies of the Jefferson School of Health Professions who have completed a minimum of 30 credit hours; have achieved a grade point average of 3.2; and rank in the highest 10 percent of all eligible students.

To those re-entering the academic environment, *Alpha Sigma Lambda* acts as an inspiration toward academic achievement while providing its members an opportunity to associate with similarly motivated students. The induction ceremony is held at Class Night each May.

The Eta Tau chapter has been on Jefferson's campus for 20 years.

# American Medical Student Association at Jefferson Medical College (AMSA)

(Open to Jefferson Medical College students)

The American Medical Student Association (AMSA), with more than a half-century history of medical student activism, is the oldest and largest independent association of physicians-in-training in the United States. AMSA is a student-governed, non-profit organization committed to representing the concerns of physicians-in-training. AMSA is devoted to providing social support for students and fostering a socially conscious attitude toward the medical profession. AMSA focuses on five strategic priorities, including universal healthcare, disparities in medicine, diversity in medicine, leadership development and transforming the culture of medicine. Students who join AMSA have the opportunity to participate in regional and national events all over the country.

The Jefferson Chapter participates in a rapid HIV testing program, educating the underprivileged about health issues, guest lectures, service drives, and educational sessions for the Jefferson community. Meetings are held several times a semester.

There is a one-time four-year national membership fee of \$75.00 which includes subscriptions to *The New Physician* as well as free WinkingSkull.com access, along with many other benefits listed at [www.amsa.org](http://www.amsa.org).

# American Medical Women's Association (AMWA)

(Open to Jefferson Medical College students)

AMWA is dedicated to promoting women's health and advancing the careers of female medical students and physicians. AMWA's goal is to provide both personal and professional support for its members through mentorships and special events with faculty members.

Past activities include a faculty-student mentor program, mentor's tea, big-sis outreach program, lunch seminars, an after school tutoring program, the annual women's forum and a lecture series promoting women in research. AMWA plans to continue these traditions while incorporating new ideas from current members. Future goals include the development of a lecture series addressing women's initiatives in crafting individualized careers and to further empower women while enhancing knowledge of women's health issues. These issues include female cancers, osteoporosis, violence against women, thyroid disorders and preventive medicine.

Members have the opportunity to network with female and male medical students striving for equality in school, the workplace and in leadership positions. Members will also be working side-by-side with notable faculty and pioneers within the medical field.

# APhA Academy of Student Pharmacists, Jefferson School of Pharmacy Chapter

(Open to Jefferson School of Pharmacy students)

The APhA-ASP Jefferson School of Pharmacy Chapter was founded to empower and encourage student involvement in issues that impact the advancement of the profession and future patient care.

APhA-ASP members are involved in a variety of activities that engage the community and promote the pharmacy profession; including screenings and information to raise awareness of the critical role pharmacists play in shaping the direction of health care. As a member of APhA-ASP students gain access to a wide range of opportunities that will help inform and shape their future careers.

The Jefferson Chapter was officially integrated as a recognized school chapter within the APhA organization in the fall of 2009. Membership dues are \$45 per student. These funds provide the financial support necessary to conduct events and activities.

# Arrhythmias

(Open to all members of the Jefferson community)

The purpose of the Arrhythmias is to promote an opportunity for women to sing *a capella* music. The group performs songs from the 60's to the present, as well as many different genres of music. The group performs regularly on and off campus.

The Arrhythmias meet once a week to rehearse and learn new songs, and perform several times throughout the year.

The Arrhythmias have been in existence for more than 16 years and there are no dues or fees.

# Ars Medica

(Open to all members of the Jefferson community)

Ars Medica seeks to expand awareness of all aspects of health and healing. The Jefferson community is encouraged to learn about the different health philosophies, modalities and integrative approaches to enrich their personal and professional lives. The group supports talks, experiential classes, and collaborative efforts with other organizations and the greater Philadelphia community.

Ars Medica has been in existence for 26 years. There are no dues or fees.

# Colleges Against Cancer at Thomas Jefferson University

(Open to all members of the Jefferson community)

Colleges Against Cancer at Thomas Jefferson University is a chapter of the national collaboration of college students, faculty, and staff dedicated to fighting cancer, volunteering for the American Cancer Society, and improving college communities by facilitating and supporting programs of the American Cancer Society.

Throughout the year, Colleges Against Cancer hosts fundraisers and educational events that revolve around cancer survivorship. One of the most important and major tasks of the organization is the planning and hosting of Jefferson's annual Relay for Life event. A major fundraiser for the American Cancer Society, the Relay for Life is hosted at many colleges and communities throughout the nation to raise funds for both cancer research and current cancer patients.

The Jefferson Chapter has been in existence for four years. There are no dues or fees.

# Committee of Student Advisors (CSA)

(Open to all Jefferson students by appointment)

The purpose of the Committee of Student Advisors (CSA) is to ensure that students from all colleges and schools continue to receive the same personalized service by facilitating communication between students and the Thomas Jefferson University administrative offices.

CSA meets monthly to discuss current University issues, seek constructive feedback, and actively support community-based projects in and around Jefferson.

CSA has been in existence for 15 years. There are no dues or fees.

# Diversity Council

(Open to all Jefferson students)

Sponsored by the Jefferson Medical College Office of Diversity & Minority Affairs, the Diversity Council's mission is to seek participation and input from Jefferson students in bringing forth educational programs, events and activities that will help foster cultural awareness and sensitivity. In addition, it provides students with a "safe environment" to discuss and voice concerns.

The Diversity Council is composed of the following committees: Minority Affairs, Multicultural Events and Activities, Education and Curriculum, Community Service and Outreach, and Grants and Research. Students spearhead many of the events and activities by planning, promoting and participating in all activities. Each committee develops programs that are unique to that specific area and designed to meet the overall mission of the University on a whole: excellence in education, scholarship, research and patient care.

The Diversity Council has been in existence for 10 years.

# Gold Humanism Honor Society

(Open to qualifying Jefferson Medical College Students, Residents and Faculty)

The Jefferson Chapter of the Gold Humanism Honor Society (GHHS) was established at Jefferson Medical College in the Spring of 2010 to highlight the importance of altruism, respect, compassion and trust when interacting with others and in forming healing relationships.

The Gold Humanism Honor Society identifies and recognizes individuals with exemplary humanistic qualities and demonstrates to others the importance Jefferson Medical College places on these qualities. An induction ceremony for students, residents and faculty is held in the spring.

# Graduate Student Association (GSA)

(Open to Jefferson Graduate School of Biomedical Sciences students)

The Graduate Student Association (GSA) was formed in 1969 to provide a link among graduate students, the Jefferson Graduate School of Biomedical Sciences' administration and faculty, and the surrounding Philadelphia community. The ultimate mission of the GSA is to promote the maturation and well-being of graduate students as well as to address and resolve all questions and concerns raised by those students. In addition to improving the quality of life for graduate students, the GSA is also strongly devoted to enhancing the reputation of the Jefferson Graduate School of Biomedical Sciences and Thomas Jefferson University by insisting upon the utmost professionalism and maturity within its members as they proceed toward becoming exceptional researchers within their respective disciplines.

All Jefferson Graduate School of Biomedical Sciences students are granted membership to the GSA, and participation in the organization is promoted and encouraged throughout the course of a student's experience at Thomas Jefferson University. The GSA is led by an executive board composed of nine elected graduate students who serve as the voice of the graduate student community at all university-wide meetings, committees, and events. Throughout the year, the GSA offers an eclectic mix of academic, cultural, philanthropic, social, and community service related events within the University and the Philadelphia area.

The Graduate Student Association has been in existence for 43 years. There are no dues or fees.

# Hobart Amory Hare Honor Medical Society

(Open to qualifying Jefferson Medical College students)

The Hobart Amory Hare Honor Medical Society is the Department of Medicine's honor society for Jefferson Medical College Students. Membership consists of students who finish in the top third of the second year Introduction to Clinical Medicine course and students who receive honors in their twelve-week medicine rotation.

The Society sponsors a journal club, the annual Simenhoff Grand Rounds, a ventilator conference, and the famous Raft Debate in which clinicians from different specialties face off. The Society also hosts a Clinical Pathology Conference each May in conjunction with Medicine Grand Rounds and a banquet to honor the best teacher among the House Staff. Members of the Society hold review sessions and serve as mentors for second year medical students.

The Society meets regularly to plan and implement its programs and events. The Hobart Amory Hare Honor Medical Society has been in existence since 1899. Dues are \$50.00 for a two-year membership.

# International Medicine Society

(Open to all members of the Jefferson community)

The purpose of the International Medicine Society (IMS) is to facilitate the process of going abroad for Jefferson students by providing information concerning possible international health education opportunities. In addition, the International Medicine Society expands and maintains a network of students, faculty and alumni that enable members to share insight, resources and contacts concerning medical education abroad. Members also work with other medical students across the country on the Remedy Project in which developing countries around the world benefit from unused medical equipment from the hospital.

Seminars and general meetings are held to present experiences by faculty and students in international health care and to educate students regarding health issues and current healthcare challenges abroad. The International Medicine Society also helps raise cultural awareness through various cultural activities on campus.

The International Medicine Society aids all students with an interest in international medicine so that they may reap the benefits of exposure to different cultures, healthcare systems and paradigms of thinking. Please visit the International Medicine Society in the Office of International Exchange Services in Room M70, Jefferson Alumni Hall.

The International Medicine Society has been in existence for 19 years. There are no dues or fees.

# Jeff Cares for Kids

(Open to all Jefferson students)

The purpose of Jeff Cares for Kids is to provide all members of the Jefferson community with unique opportunities to work with children with disabilities through direct interaction and to shadow experts in the field to develop valuable knowledge and skills. The organization's mission also includes educating the members of the Jefferson community about children with special needs.

Activities include volunteering at HMS School for Children with Cerebral Palsy, shadowing at the Cerebral Palsy Clinic at the A.I. duPont Hospital for Children, shadowing and volunteering in individual areas of interest, teaching opportunities, and fundraising events.

Jeff Cares for Kids has been in existence for six years. There are no dues or fees.

# Jeff HOPE

## Health, Opportunity, Prevention & Education

(Open to all members of the Jefferson community)

The purpose of Jeff HOPE is to provide dignified, accessible and appropriate health care for a diverse population of underserved and marginalized individuals, to foster a sense of social responsibility and activism among health professionals, and to increase opportunities for health professional students to engage in meaningful community health activities. Jeff HOPE displays the benefits of service learning as an important aspect of medical education. It elicits changes in the medical curriculum to include community work and interdisciplinary education. The organization forms relationships with the community and other health disciplines in order to identify problems relevant to patient care and community health and to work as a team to solve them.

Activities include:

- four medical clinics at three local homeless shelters and at the Prevention Point Needle Exchange Site
- opportunities to participate in provision of health care for the homeless
- individual volunteer and research opportunities
- monthly seminar series featuring innovative and interactive lectures on a variety of urban healthcare topics
- smoking cessation and diabetes education programs for shelter residents
- advocacy services for patients
- fundraising events including the Jeff HOPE Charity Ball

Jeff HOPE has been in existence for 21 years. There are no dues or fees.

# Jeff LGBTQ

## Lesbian, Gay, Bisexual, Transgender, Queer

(Open to all members of the Jefferson community)

Jeff LGBTQ was created to serve as an educational resource, support and outreach group, and as a social/professional networking organization for gay, lesbian, bisexual, transgender and queer students. Jeff LGBTQ is a University-wide organization open to all students, regardless of sexual orientation.

Some functions of the organization include: coordinating educational events and providing speakers to increase awareness within the Jefferson community regarding LGBTQ healthcare disparities, community outreach and professional development, as well as providing support for LGBTQ identified individuals and their allies.

Jeff LGBTQ has been in existence for 12 years. There are no dues or fees for membership.

# Jeff Reads

(Open to all members of the Jefferson community)

Jeff Reads is a program that helps make early literacy a part of pediatric primary care. Jeff Reads volunteers read to children as they wait for their appointments at the duPont Pediatric and Jefferson Family Medicine Clinics. They introduce parents to the pleasures and techniques of looking at books with children of different ages. The organization gives books to children to take with them when they leave in order to encourage reading in the home and to get books into the hands of those who may have little or no access to them.

Additional activities include monthly lunchtime literacy-themed seminars, decorating and maintaining the clinic in order to promote literacy, helping children acquire library cards, holding book drives, and community outreach.

Jeff Reads has been in existence for 14 years. There are no dues or fees.

# Jeff SOAR

## Students Organized Against Rape

(Open to all members of the Jefferson community)

Jeff SOAR (Students Organized Against Rape) provides a forum to increase awareness and advocacy of issues of sexual violence. Jeff SOAR raises awareness about rape, sexual assault, domestic violence and other forms of sexual violence through trainings, forums, guest speakers and outreach to the campus and greater community. Areas of discussion include, but are not limited to, the care of a patient following a sexual assault; immediate and follow-up treatment; short- and long-term consequences of sexual violence; how to protect oneself from sexual violence; and how to educate others to protect themselves from sexual violence.

Jeff SOAR commits itself to the empowerment of women and recognition of women's rights. Each year the organization presents a production of Eve Ensler's *Vagina Monologues* and donates all proceeds to WOAR (Women Organized Against Rape), the only rape crisis center in Philadelphia.

This organization has been in existence for eight years. There are no dues or fees.

# Jeff YES

## Youth Emergency Services

(Open to all Jefferson students)

The purpose of Jeff YES is to involve students in adolescent health care through the Department of Family & Community Medicine's ongoing relationship with the adolescent homeless shelter, Youth Emergency Service (YES), in North Philadelphia.

Activities include student-run health forums at YES two Tuesday evenings each month. Jeff YES also hosts a seminar series on diverse topics such as interviewing adolescents, legal issues involving the care of adolescents, the foster care system, teenage pregnancy and STDs, adolescent fathers, drug abuse among adolescents, and sexuality in adolescents. These informal talks are facilitated by physicians from the Jefferson community during lunch at various times throughout each semester. There are also opportunities to participate in a Monday afternoon clinic where students work with residents to gain exposure to adolescent medicine and observe complete history-taking and physicals.

The organization has been in existence for 14 years. There are no dues or fees.

# Jefferson American Medical Association Medical Student Section (AMA)

(Open to Jefferson Medical College students)

The AMA is the voice of the American medical profession. From tobacco to adolescent care, Medicare to AIDS, student loans to medical liability; the AMA speaks out on issues important to patients and the nation's health. The membership decides AMA policy on these issues through a democratic process in the AMA House of Delegates, which meets twice a year. The House includes Physician Delegates and Medical Student Delegates from all 50 states.

Members travel throughout the country to participate in AMA business meetings and charitable programs, and many have been elected to national, state and county positions in the AMA. Members also perform a variety of services through student-chaired committees. Recent events have included blood drives, cholesterol screenings, food and clothing collections, observation sessions in medicine and surgery, and legislative lobbying trips to Harrisburg, PA and Washington, DC, where members have met with senators, representatives and lobbyists to discuss solutions to problems facing patients and the profession.

There is a one-time national membership fee of \$68 for four years or \$20 for one year. Dues include membership in the AMA, Pennsylvania Medical Society, and Philadelphia County Medical Society; subscriptions to *JAMA* and *Pennsylvania Medicine*; a Stedman's Medical Dictionary; and access to the full range of member services described at [www.ama-assn.org](http://www.ama-assn.org), [www.pamedsoc.org](http://www.pamedsoc.org), and [www.philamedsoc.org](http://www.philamedsoc.org). All members are also invited to attend all AMA and Pennsylvania Medical Society conferences and functions, including the annual meetings.

# Jefferson Anesthesia Society

(Open to all Jefferson students)

The Jefferson Anesthesia Society aims to introduce students to the field of anesthesiology and its many subspecialties. The Society also aims to provide interested students with advice and assistance in the residency application process, opportunities to learn more about anesthesia, develop necessary skills, and provide information on the most current developments in the field.

Meetings are held throughout the year with guest speakers discussing the many subspecialties of anesthesia, such as cardiac, pediatric, obstetric, critical care, pain, and neuroanesthesia. Discussions about residency programs, the Match, and research opportunities are also held during the year. An annual airway workshop gives students the chance to practice basic airway skills.

The Society has been in existence eight years. There are no dues or fees for membership.

# Jefferson Arts Organization

(Open to all members of the Jefferson community)

The Jefferson Arts Organization was founded to offer Jefferson students, faculty and employees the chance to express themselves through art. To accomplish this goal, this organization has targeted three main media: painting/photography, music and writing. The Jefferson Arts Organization currently invites such artistic expression through two main venues. Its journal, *Inside Out*, is a presentation of artwork, photography, short stories, poems and essays in a unique arrangement that is published annually. Through café events, all members of the Jefferson community are invited to share their talents of music, dance, poetry, theater and comedy in this bi-annual event complete with an art exhibition. In addition, the Jefferson Arts Organization hopes to organize subsidized art classes taught by professors from local art schools. All of these activities are designed to bring more diversity to the Jefferson community, to allow students and medical staff the chance to stop and reflect on their daily lives, and to provide a creative outlet for the rigors of school and work. Other projects include readings of works, art exhibits and musical performances.

The Jefferson Arts Organization does not limit artistic contributions to members. There are many opportunities for involvement including the editing committee; organizing performances; scheduling art classes; and recruiting artists, performers and writers. Meeting focus varies depending on area of interest.

The Jefferson Arts Organization has been in existence for 11 years. There are no dues or fees, and one does not have to be a member to contribute.

# Jefferson Asian Pacific Medical Student Association (APAMSA)

(Open to all members of the Jefferson community)

The Asian Pacific Medical Student Association (APAMSA) is a national organization that unites medical students interested in the health issues that affect Asian and Pacific Islander Americans. This chapter at Jefferson strives to promote the well-being of Asian communities through direct service locally and nationally.

Past activities have included notable invited speakers; dim-sum; a trip to New York City for the Asian Diversity Convention; a Lunar Chinese New Year Celebration; participation in the "Expressions of Asia" program, the Multicultural Show, annual Asian American Health Care Network Chinatown Health Fair, cooking classes, dumpling fundraiser, sushi rolling demonstration, a trip to Washington DC to enjoy the Cherry Blossom Festival, and much more!

APAMSA plans to continue those activities and pioneer new projects within the Asian American community. Ongoing projects include APAMSA's Hepatitis B Initiative at Jefferson, a lunchtime seminar series and screening events. Students will have the opportunity to volunteer, teach, network and learn by joining this organization.

APAMSA has been in existence for more than 18 years.

# Jefferson History of Medicine Society

(Open to all Jefferson students)

Founded in 1824, Jefferson has a long and storied history that figures prominently in the medical annals. In keeping with this rich tradition, the Jefferson History of Medicine Society promotes the understanding and appreciation of the historical foundations upon which current medical knowledge and practice is constructed. The purpose of the Jefferson History of Medicine Society is to encourage health sciences students to acquire an appreciation for this historical heritage.

The Jefferson History of Medicine Society sponsors a variety of lunchtime and evening lectures and symposia on diverse topics in this field by medical faculty and local experts. In the spirit of intellectual discourse students may also present topics of interest. Presentations are followed by informal discussion and refreshments. Extramural opportunities for essay competitions and historical research are available to foster greater involvement by Jefferson's students in the academic liberal arts community within Philadelphia.

The Society has been in existence for eight years and there are no dues.

# Jefferson Internal Medicine Society (JIMS)

(Open to Jefferson Medical College students)

The Jefferson Internal Medicine Society serves to promote and foster a true interest in the specialty and subspecialties of Internal Medicine. The society focuses on the many facets of Internal Medicine in primary care as well as in specialty practice.

Activities and events include regular meetings and seminars where interested persons are encouraged to consider Internal Medicine as a career choice. The society sponsors keynote speakers who discuss their work with students to help them gain a better understanding of medical subspecialties in Internal Medicine.

JIMS has been in existence for 16 years and there are no dues or fees.

# Jefferson Jewish Student Association

(Open to all Jefferson students)

The purpose of the Jefferson Jewish Student Association is to bring Jefferson students, faculty and staff of all congregations and involvement together for celebration, education and community, and to help students learn about the Jewish community in Philadelphia.

Activities and events include seminars addressing a number of Jewish topics such as the Holocaust, Israel, holidays and ethics. Along with the Tay-Sachs Foundation, members help staff tables at health fairs and assist in screenings. Social events include brunches, dinners, interprofessional school mixers, seasonal celebration of holidays, and flower delivery to patients.

The Jefferson Jewish Student Association has been in existence for 39 years.

# Jefferson Karate Club

(Open to all members of the Jefferson community)

The Jefferson Karate Club promotes the philosophy of Shotokan Karate and the improvement of character through the development of physical and mental discipline. In addition to strengthening the mind and body, the instructors teach the self defense techniques of traditional Shotokan Karate.

Training can help to reduce stress, get in shape, learn self defense and improve concentration and coordination.

The Karate Club meets on Mondays and Thursdays from 6:00-7:30 p.m. to practice drills, sparring and forms of training. Prospective members are encouraged to try out the club for a few weeks before committing; please email the student representative before attending for the first time. For the first practice, please arrive 10 minutes early to introduce yourself and wear loose-fitting athletic attire.

The Karate Club has been in existence for 33 years. The dues are approximately \$70.00 per semester; dues are not collected in the summer. Two rank exams (\$15 each) are normally held at the end of each semester. Members are also responsible for the purchase of a Gi (uniform). However, new participants may train with shorts or comfortable exercise clothing.

# Jefferson Knitting Club

(Open to all members of the Jefferson community)

The purpose of the Jefferson Knitting Club is to promote the art of knitting as a creative pastime through the establishment of a club dedicated to the craft. The Club aims to educate and spread the creative potential of knitting through lessons and forms for idea sharing. An additional goal of the Club is to make charitable contributions in the form of garments and blankets knitted by Club members.

The Jefferson Knitting Club has been in existence for one year. There are no dues or fees.

# Jefferson Latino Medical Student Association (JLMSA)

(Open to all members of the Jefferson community)

The Jefferson Latino Medical Student Association, formerly known as the National Boricua Latino Health Organization (NBLHO), is a student group representing medical, graduate and health professions students from the northeast region of the United States. The organization's mission is to recruit Latinos into higher education, educate the public and one another about Latino health issues, advocate for increased Latino representation in medical, graduate and health professions schools, and promote awareness about social, political and economic issues as they relate to Latino health. It also serves to create a social network for Latino students and an environment for academic support.

As NBLHO, this group was formed in 1970 at Harvard Medical School in response to the need for Latino medical students to organize and address the rampant discrimination experienced both inside and outside these educational institutions in addition to addressing the disparate health care given to Latino communities. Today, LMSA-Northeast has approximately eleven active medical school chapters and 200 medical student members. The northeast region consists of Maine, Vermont, Rhode Island, New Hampshire, Massachusetts, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Virginia and Washington, DC.

Members of this organization seek progressive and equitable institutionalized changes and advocate for human rights as they apply to health care for the Latino community. Members network with other organizations at the local and national level to achieve common objectives. In addition, the organization serves to educate and sensitize the entire medical community to the specific needs and differences of the Latino patient regarding health and well-being.

LMSA collaborates closely with the Office of Diversity and Minority Affairs (ODAMA) to promote lectures about issues important to Latino health and co-sponsors programs to further promote sensitivity and awareness during Latin Heritage Month and Diversity Week.

# Jefferson Medical College Student Professional Conduct Committee (Student PCC)

(Open to Jefferson Medical College students by election)

The Student Professional Conduct Committee (SPCC) is a student-run organization that serves as the first step in the judicial process in matters concerning professional conduct on the part of the students enrolled in Jefferson Medical College. The SPCC serves as a fact-finding body that follows up on cases of reported unprofessional behavior and, if necessary, will recommend further investigation by the Judicial Board. The organization, when necessary, will also serve as student advocates and as a mediator between administrators and students.

# Jefferson Muslim Student Association

(Open to all members of the Jefferson community)

The purpose of Jefferson Muslim Student Association is to provide services for Muslim members of the Jefferson community and to educate the University community to understand the religious, social and cultural aspects of Islam and peoples of the Muslim world.

The Jefferson Muslim Student Association is actively involved in educating healthcare workers on culturally competent care of Muslim patients. The Association also organizes and participates in health education and screenings within the Philadelphia community. In addition to weekly prayer meetings, the Jefferson Muslim Student Association sponsors a weekly discussion series with informal dinners. During the Muslim holy month of Ramadan, the Association sponsors a campus-wide dinner; an annual Eid-ul-Adha dinner is held as well.

Weekly discussion meetings are held one evening during the week. Weekly prayer meetings are held every Friday from 1:30 p.m. to 2:30 p.m. The Jefferson Muslim Student Association welcomes all members of the Jefferson community to participate in its activities.

The Jefferson Muslim Student Association, previously known as the Islamic Medical Association at Jefferson has been in existence for 20 years.

# Jefferson Orthopaedic Association

(Open to Jefferson Medical College students)

The purpose of the Jefferson Orthopaedic Association is to encourage interest in the specialty of Orthopaedic Surgery by offering exposure to the field through various lectures, clinical encounters, and hands-on experiences. The Association also serves to help advise students applying for positions in Orthopaedic Surgery residency programs.

The Association has several meetings throughout the year where faculty and residents lecture on interesting topics in Orthopaedic Surgery. Activities also include several clinical skills sessions on topics such as musculoskeletal physical exam and joint injections. In addition, the Society gives interested students the opportunity to observe orthopaedic surgeons in the clinic and in the operating room. Finally, a mentorship program provides a way to develop relationships with faculty members for guidance and involvement in research projects.

Meetings are held several times throughout the year. The Association has been in existence for nine years. There are no dues or fees.

# Jefferson Soccer Club

(Open to all members of the Jefferson community)

The purpose of the Jefferson Soccer Club is to bring together those who are interested in playing soccer and competing in the Fall/Spring Outdoor Philadelphia Professional School Soccer League.

Practices are open to all members of the Jefferson community. Outdoor practice is held twice per week in the fall and once a week in the spring. Indoor practice is held one night a week during the winter. The outdoor league consists of competition against other city medical and professional schools. Fall and spring outdoor league games are held on Saturday or Sunday mornings for ten weeks in the fall and six weeks in the spring. Eleven to 18 members dress for each game. The club organizes intramural soccer teams during the winter months.

The Jefferson Soccer Club has been in existence for more than 21 years. The dues depend on the amount of league game play and the number of participants.

# Kathryn MacFarland Ob/Gyn Society

(Open to Jefferson Medical College students)

The Kathryn MacFarland Ob/Gyn Society offers a forum for students interested in Women's Health as a career, and endeavors to provide insight into the specialty and subspecialties of Obstetrics and Gynecology. This group provides an excellent opportunity for students to develop a network among the house staff and attending physicians at Jefferson.

Meetings are held monthly from September to May with speakers chosen by members of the society. From talks on Reproductive Endocrinology, Gynecologic Oncology and Maternal Fetal Medicine, to discussions on residency programs and the Match, the Society strives to broaden the amount of time paid to women's health issues during the normal curriculum. Members are encouraged to become student members of the American College of Obstetrics and Gynecology.

# Lambda Nu Radiologic and Imaging Sciences National Honor Society

(Open to qualifying Jefferson School of Health Professions Radiologic Sciences Students and Faculty)

The Pennsylvania Gamma Chapter of Lambda Nu, the national honor society for radiologic and imaging sciences, was established at the Jefferson School of Health Professions in 2002. The purpose of the Chapter is to foster academic scholarship at the highest levels, to foster good relations between Radiologic Sciences students and faculty, to promote research and investigation in the radiologic and imaging sciences, and to recognize exemplary scholarship.

Lambda Nu sponsors several events each year including: Service Project at Mastery Charter School, Class Night Induction Ceremony just before Commencement in May, fundraising events on Halloween and St. Patrick's Day, and the annual election of officers in June.

In addition to announced events and meetings, the business of the Society is conducted by an Executive Board consisting of the Chapter Officers and the Chairpersons of the Program and Scholarship Committees. Annual student membership dues are \$20.

# Louis Pasteur Roman Catholic Society

(Open to all members of the Jefferson community)

The purpose of the Louis Pasteur Roman Catholic Society is to bring those of the Catholic faith at Jefferson together to celebrate, study and share their faith.

The organization provides mass schedules for local churches; serves as a means for organizing people to attend mass together; hosts talks on the history of Catholicism, contemporary faith issues and faith in medicine; organizes Stations of the Cross and non-meat dinners on Fridays during Lent; and opportunities to serve the less fortunate in our community.

This group has been in existence for 17 years. There are no dues or fees; anyone in the Jefferson community of any faith or background is welcome to join and participate.

# Married Student and Significant Other Society

(Open to all Jefferson students and their spouses/partners)

The purpose of the Married Student and Significant Other Society is to provide support and social outlets for students and their significant others and families throughout school. The organization strives to ease the transition to the Jefferson community by providing information, employment services, and emotional and social guidance.

Activities may vary but generally include publication of the School Survival Guide, relationship brunch, seminar on obtaining residency of choice with lifestyle/family intact, and educational and social activities for students and their families every four to six weeks.

The Married Student and Significant Other Society has been in existence for 19 years. There are no dues or fees.

# Medical Students for Choice

(Open to all members of the Jefferson community)

The purpose of Medical Students for Choice (MSFC) is to provide students and health professionals with educational opportunities in all areas of women's reproductive health. MSFC works to ensure that comprehensive reproductive health care, including abortion, is a part of standard medical training and practice.

Throughout the year, MSFC organizes several lectures led by experts in specific areas of reproductive health. Students may also sign up to observe abortion procedures and options-counseling at local health care facilities. In addition to regional and national conference attendance, members meet to discuss current events and policy surrounding women's reproductive health care.

Medical Students for Choice is a national organization, and Jefferson's chapter has been in existence for 19 years.

# Med-Peds Society of Philadelphia

(Open to Jefferson Medical College students)

The Med-Peds Society of Philadelphia promotes opportunities for education and support for those students interested in combined Medicine-Pediatrics residency training in the Philadelphia area. The Society also organizes a residency fair, advising session, and serves as a point of contact for interested medical students.

The Society has been in existence for six years. There are no dues or fees.

# Military Medical Students Association

(Open to Jefferson Medical College students)

The Military Medical Students Association (MMSA) provides a base for understanding military medicine as it applies to the three main branches of the United States Armed Forces including the Army, Navy and Air Force. Membership consists of recipients of the Armed Forces Health Professions Scholarship Program (AFHPSP). The association serves as a forum for communication and support through which AFHPSP recipients can share and learn about experiences and issues applicable to them as current students and as future military medical officers.

Activities include organizational meetings, a welcome dinner for incoming students, guest lectures, participation in school fairs, field trips, and a breakfast for graduating seniors. The organization has been in existence for 12 years. There are no dues or fees.

# Move4Health

(Open to all Jefferson students)

Move4Health is a student-run Diabetes education and exercise class program. It is a collaborative project between Thomas Jefferson University medical, health professions and graduate students and the physicians of the Jefferson Department of Family & Community Medicine and the Department of Internal Medicine to create a lifestyle change in patients with Type II Diabetes.

Move4Health conducts classes for women with Type II Diabetes. Each class consists of 30 minutes of diabetes and lifestyle education and 30 minutes of physical activity; both components are taught by students. These classes run for four weeks with a two-week break between classes.

Move4Health has been in existence for eight years and there are no dues or fees.

# Nursing Student Government Association (NSGA)

(Open to Jefferson School of Nursing students)

The purpose of the Nursing Student Government Association (NSGA) is to provide a forum for student input with the goal of continued improvement of the nursing education at Thomas Jefferson University. NSGA facilitates communication between students, faculty, alumni, and the administration of the Jefferson School of Nursing. The association provides the opportunity to promote the development of professionalism within the student body. The NSGA provides co-curricular educational experiences and facilitates the development of leadership and managerial skills for nurses.

General meetings are held monthly during the school year. Board meetings are also held monthly. Activities include student/faculty community outreach projects, interaction with other disciplines within the University and fundraising to support these activities.

The association has been in existence for 26 years. There are no dues or fees.

# Outing Club

(Open to all members of the Jefferson community)

The Outing Club provides a forum for those interested in outdoor activities to meet and learn about how they can get involved in those types of activities locally. The goal of the Outing Club is to bring together people with similar interests and to make outdoor activities more accessible to beginners.

Activities include rock climbing, camping, kayaking, hiking, skiing, snowboarding, mountain biking, and paintball. The Outing Club supports and helps organize outings that interest members of the club and the Jefferson community. The organization's mission is to facilitate group activities that promote camaraderie, physical activity and balance between the demands of everyday life and members' personal hobbies and interests.

The Outing Club has been in existence for 10 years. There are no dues or fees.

# Physical Therapy Society

(Open to Jefferson School of Health Professions Physical Therapy students)

The purpose of the Physical Therapy Society is to provide an opportunity for physical therapy students to become involved in extracurricular activities both at Jefferson and in the community. The focus of the activities is on community service, health-related issues, and to expand each member's knowledge of the physical therapy field. Guest speakers are invited once a month to discuss their experience as a physical therapist or topics related to physical therapy. Participation is intended to enhance relations among physical therapy students and to expose students to community health and physical therapy issues.

General membership meetings are held monthly. Most activities are local and inexpensive.

The Society has been in existence for 20 years.

# Physician-Scientist Association of Thomas Jefferson University

(Open to students enrolled in the Jefferson MD/PhD Program)

The Jefferson Physician-Scientist Association seeks to represent the interest of MD-PhD students. Specifically, the Association seeks to promote the advancement of translational medicine on campus by promoting interactions between student organizations representing basic science, patient care and advocacy; providing a resource for Jefferson students pursuing research outside of a formal training program; and facilitating an interdisciplinary network of mentorship, community building and mutual support for student physician-scientists.

Members regularly attend monthly translational seminars, the MD-PhD retreat, and bi-annual guest lecture series.

The Association was established in Spring 2011. There are no dues or fees.

# Sigma Theta Tau International Delta Rho Chapter

(Open to RNs with a Bachelor's Degree or higher, nursing students with a bachelor's degree in another area,  
and JSN graduates)

The Delta Rho Chapter of Sigma Theta Tau, the International Honor Society of Nursing, has existed at Thomas Jefferson University since 1980. As one of over 446 chapters nationally, Delta Rho's activities focus on promoting professionalism and scholarship within the nursing community.

Membership in Sigma Theta Tau is an honor conferred on baccalaureate and graduate students who demonstrate superior academic achievement and leadership abilities. The honor society's purpose includes fostering high professional standards, creative work and strengthening commitment to the ideals of the nursing profession.

Activities include the annual induction ceremony, a fall and spring conference, community service projects and a holiday toy/pajama drive.

Annual dues vary.

# Student National Medical Association (SNMA)

(Open to Jefferson Medical College students)

The Student National Medical Association (SNMA) is committed to supporting current and future underrepresented minority medical students, addressing the needs of underserved communities, and increasing the number of clinically excellent, culturally competent, and socially conscious physicians.

Jefferson chapter meetings are forums for the discussion of issues, service project development and organizational business. SNMA members participate in minority student interviews, clothing drives, health fairs, and socials. The Jefferson chapter is a member of the SNMA national organization, Region VIII, and also participates in the national protocols, annual conventions and regional meetings.

SNMA was established in 1964 at Howard University, and has since become a national organization with more than 60 Chapters throughout the United States. SNMA has been in existence at Thomas Jefferson University for 40 years. National dues are \$100.00 for 4 years.
