1. What form of transportation did you use? Walked
2. What month did you take this elective? September
3. What were your daily duties? Saw patients in the BMT unit in the mornings, spent afternoons in the heme malignancies clinic
4. How many hours per week were you on duty? ~50
5. What was the call schedule? Were you able to pick your shifts or trade with peers? No call
6. Were there any specific requirements such as lectures, papers, examinations or presentations? No
7. Was there teaching by Attending? Which Attending left the most impact on you? Yes. All of the attendings were great, especially Dr. Kasner, Dr. Filicko, and Dr. Carabasi
8. Were you able to attend interviews during your rotation? N/A
9. Did you have to make up for missing interview days? No
10. Did you get a letter of recommendation? Did not ask
11. How would you rate your overall experience? Poor/Fair/Good/Very Good/ Excellent
12. Would you recommend this elective to future students?
   Yes!! This elective was awesome, because it was a good mix of inpatient and outpatient experiences. I think this is more reflective of what it is actually like to be an attending than a lot of the other rotations. I absolutely loved this rotation and it solidified my interest in bone marrow transplant. I also think that it would be good for anyone who is interested in oncology.
13. Any other comments, suggestions or tips?
14. OPTIONAL: Would you like to include your contact information?
