**Course Name/ Jefferson Elective** Pediatric Cardiology – PED 413  
**Location** A.I duPont Hospital for Children

1. **What form of transportation did you use?** Car
2. **What month did you take this elective?** July
3. **What were your daily duties?** In outpatient setting, I would initially do H&P's and then present findings to the attending. I would then interpret EKGs and learn basics on how to interpret ECHOs. There was also an option to observe morning CICU rounds. On inpatient, which you have to ask to do, you can observe rounds and ask to follow patients if you would like. This rotation is designed to be an outpatient rotation. You were also responsible to see at least one cardiac cath and one cardiac operation.
4. **How many hours per week were you on duty?** 50
5. **What was the call schedule? Were you able to pick your shifts or trade with peers?** There was no call.
6. **Were there any specific requirements such as lectures, papers, examinations or presentations?** No specific requirements.
7. **Was there teaching by Attendings? Which Attending left the most impact on you?**  
There was an ample amount of teaching by attendings. They all went out of their way to ensure I understood why they did what they did. Dr. Baffa, who has been in the outpatient clinic since the beginning, was most helpful.
8. **Were you able to attend interviews during your rotation?** N/A
9. **Did you have to make up for missing interview days?** N/A
10. **Did you get a letter of recommendation?** Yes
11. **How would you rate your overall experience?** Poor/Fair/Good/Very Good/ Excellent  
    Very Good
12. **Would you recommend this elective to future students?** Yes
13. Any other comments, suggestions or tips? Take advantage of the flexibility this rotation provides to do the things you are most interested in. Try to work with the same attendings as much as possible in order to develop a good relationship and possibly get a letter.

14. OPTIONAL: Would you like to include your contact information?
