1. What form of transportation did you use? Car
2. What month did you take this elective? September
3. What were your daily duties? Completely independent research, going through online charts (Epic) collecting data, creating spreadsheets, creating tables and writing for the manuscript
4. How many hours per week were you on duty? 30-40
5. What was the call schedule? Were you able to pick your shifts or trade with peers? None
6. Were there any specific requirements such as lectures, papers, examinations or presentations? None
7. Was there teaching by Attendings? Which Attending left the most impact on you? Worked with Dr. Bober in the Genetics Department. Very laid back, extremely intelligent, provides support whenever necessary but allows you freedom to work through the project as you want
8. Were you able to attend interviews during your rotation? Did not have any, but would have been fine
9. Did you have to make up for missing interview days?
10. Did you get a letter of recommendation? No
11. How would you rate your overall experience? Poor/Fair/Good/Very Good/ Excellent
12. Would you recommend this elective to future students? Yes - great exposure to clinical research in Pediatrics
13. Any other comments, suggestions or tips?
14. OPTIONAL: Would you like to include your contact information?
