Course Name/ Jefferson Elective  Pediatric Infectious Diseases – PED 473
Location  A.I. duPont Hospital

1. What form of transportation did you use?  Car
2. What month did you take this elective? August
3. What were your daily duties? Optional morning conference then running the list with Attending. Usually will see 3-4 patients - old or new patients picked up overnight. Rounding with the Attendings would happen around 1. Rest of the afternoon was spent seeing new consults and finishing up notes.
4. How many hours per week were you on duty? Roughly 50 hours
5. What was the call schedule? Were you able to pick your shifts or trade with peers?  No call
6. Were there any specific requirements such as lectures, papers, examinations or presentations? Short presentation to third year med students on a patient of your choice. Presentation is done with resident
7. Was there teaching by Attendings? Which Attending left the most impact on you? All the time. You are the only student on the service and rounds are just with you, the resident (sometimes) and the Attending. There’s a little learning curve with antibiotics and common pediatric microbiology but all the Attendings take time to teach, give you articles and encourage questions. Dr. Eppes and Swami.
8. Were you able to attend interviews during your rotation? N/A
9. Did you have to make up for missing interview days?  N/A
10. Did you get a letter of recommendation? Did not request
11. How would you rate your overall experience? Poor/Fair/Good/Very Good/ Excellent
   Excellent
12. Would you recommend this elective to future students? Yes! I learned so much
13. **Any other comments, suggestions or tips?** There’s a wide variety of things you’ll see so it can be difficult to prepare. Just read up on things you see during the day. Try to understand how antibiotics work and the different treatment courses.

14. **OPTIONAL: Would you like to include your contact information?**
