RESEARCH STUDY
FLU VACCINE
FOR CHILDREN

OUR OFFICE IS CONDUCTING A RESEARCH STUDY FOR FLU VACCINES THIS FALL.

The study will compare an investigational flu vaccine to the standard flu vaccine.

YOUR CHILD MAY JOIN THIS STUDY IF:

- He/she is between 6 months and 35 months of age at the time of the first study vaccination.
- A parent or guardian can come to each study visit with the child.
- The parent or guardian can be reached by phone (cell or landline).
- He/she meets other study requirements.

IF YOUR CHILD JOINS THIS STUDY, HE/SHE WILL RECEIVE:

- Flu vaccination(s) at no cost to you.
- Study-related medical check-ups.
- Payment for the cost of travelling to the study visits.

IF YOU OR SOMEONE YOU KNOW MAY BE INTERESTED IN PARTICIPATING IN THIS STUDY, PLEASE CONTACT:
