8) Enter Decision Factor Importance

Division of Population Science
Enter Decision Factor Importance

Please indicate the level of importance each factor has for you.

**Factor One:** I guess it would be good to know if I have it.

Importance:

- none
- a little
- some
- much
- very much
- overwhelming

**Factor Two:** My doctor thinks I should get tested.

Importance:

- none
- a little
- some
- much
- very much
- overwhelming

**Factor Three:** I just had a blood test and don't feel like doing that again today.

Importance:

- none
- a little
- some
- much
- very much
- overwhelming
9) Compare Decision Factor Influence

Please compare the level of influence of the factors as presented.

Please indicate how much more influence
Factor One: I guess it would be good to know if I have it.

is likely to have on your decision than
Factor Two: My doctor thinks I should get tested.

the same  a little more  somewhat more  much more  very much more  overwhelmingly more

Please indicate how much more influence
Factor Two: My doctor thinks I should get tested.

is likely to have on your decision than
Factor Three: I just had a blood test and don’t feel like doing that again today.

the same  a little more  somewhat more  much more  very much more  overwhelmingly more

Please indicate how much more influence
Factor One: I guess it would be good to know if I have it.

is likely to have on your decision than
Factor Three: I just had a blood test and don’t feel like doing that again today.

the same  a little more  somewhat more  much more  very much more  overwhelmingly more
10) Decision Counseling Report (Summary of top decision factors, decision preference, and questions/concerns for the clinician)

**Division of Population Science**
