THOMAS JEFFERSON UNIVERSITY & HOSPITALS
DEPARTMENT OF RADIATION ONCOLOGY

APPLICATION FOR THE

2017 SIMON KRAMER EXTERNSHIP IN RADIATION ONCOLOGY

The Department of Radiation Oncology at Thomas Jefferson University & Hospitals in Philadelphia, Pennsylvania, is offering the annual Simon Kramer Society Externship in Radiation Oncology. This externship was established for the purpose of exposing medical students to the discipline of radiation oncology and provides up to two students each year with the opportunity to spend six weeks in our Department working on a research project and participating in clinical and educational activities. You must be a first or second year student in good standing in an accredited U.S. Medical School in order to be considered for this externship. The start and end dates will be determined with the students after the selection process, but must occur between June and August.

We are able to provide each extern with a $750 stipend which will be paid within two weeks of their arrival at Jefferson. We are not able to provide any assistance with travel, housing, meals, or other expenses. There may be an opportunity for housing on the Jefferson campus during the externship (which we can help you explore) but this is also at the student’s expense.

When applying, students should indicate whether they wish to pursue a research project in medical physics, molecular radiation biology, or clinical radiation oncology.

Students should complete the attached application and return it to Marlene Folino on or before March 31, 2017 at:

Marlene.Folino@jefferson.edu

You should also contact Ms. Folino with any questions you may have concerning the externship.

What type of research project would you like to do?

- Clinical Radiation Oncology
- Medical Physics
- Molecular Radiation Biology

Please explain, in 200 words or less, why you would like to participate in this externship in Radiation Oncology. If you have a specific project in mind that you would like to develop, please also explain your proposed project in 200 words or less.

Please return this form and copy of your current Curriculum Vitae on or before March 31, 2017 to Marlene Folino at: Marlene.Folino@jefferson.edu
