\* Respondents who did not indicate program or subspecialty are included in the "overall" tally for their academic department.  
 \*\* Percentages may not total to 100 due to rounding.  
 \*\*\* FT = Full-Time Employment, PT = Part-Time Employment, GS = Graduate School, UEC = Unemployed by Choice, UE = Unemployed, NR = No Response  
 † Placement Rate is calculated using the formula: (FT+PT+Other Employed)/(No. of Respondents minus [those enrolled or still on clinical at time of survey + those who went on for full-time graduate school])  
 †† This is a different calculation than used in previous years. See the explanation in the Career Development Center section of this Annual Report.  
 ††† Thomas Jefferson University Hospital and the preferred affiliate hospitals  
 †††† Employers in Delaware, New Jersey, and Pennsylvania  
 ∞ Only Full-Time salaries are included. Hourly wages of FT respondents were converted to annual salary using the formula: ((wageX40)X52).  
 ∞∞ In some cases, salaries are reflective of positions held prior to starting academic program at TJU.  
 ∞∞∞ Please Note: Occupational Therapy graduates from December 2006 are counted in class of 2007 (a new model)
