

U.S. News & World Report Ranks Jefferson's Family and Community Medicine Department Among Nation's Best

U.S. News & World Report has ranked the Department of Family and Community Medicine, Jefferson Medical College, as one of America's best Departments of Family Medicine.

Jefferson was recognized for having one of the top 20 Family Medicine programs at a medical school in the United States. The magazine also ranked Jefferson's department as the fourth highest ranked department housed in a private medical school and was the number one ranked department from a school in the Northeast part

of the United States, noted Richard C. Wender, MD, Alumni Professor and Chair, Department of Family and Community Medicine at Jefferson.

"This recognition is a tribute to our faculty, residents, fellows and staff, as well as to the curriculum Jefferson offers to medical students seeking to become primary care physicians," said Dr. Wender.

Physicians from throughout the Delaware Valley have come to know Jefferson for its quality of care provided by Family Medicine. Jefferson has one of the strongest family medicine

educational programs in the country, offering residency and fellowship programs and treating roughly 50,000 patients per year. Jefferson family physicians provide comprehensive primary care services for both acute and chronic problems and have received national recognition for their use of innovative practice management techniques such as open access appointment scheduling and chronic disease management systems in multiple locations, including patients' homes.

Scenes from Commencement 2006

At Jefferson's 182nd Annual Commencement at the Kimmel Center for the Performing Arts, University President Robert L. Barchi, MD, PhD, delivered the Convocation and conferred all degrees – a total of 287.

The graduates included 83-year-old Berwyn resident George Rayl who received a Master's of Science in Biomedical Chemistry from Jefferson's College of Graduate Studies.

Earning his degree was prompted by the tragic death of his first wife, Olga, of amyotrophic lateral sclerosis (ALS), also known as Lou Gehrig's disease.

Mr. Rayl said he realized if he were going to make any impact in the fight against ALS, he would have to be schooled in biology and biochemistry. Eventually he hopes to work in some capacity to advance the cause of ALS research.

Assuring Cancer Survivors: 'You Are the Reason We Are Here'

Robert Neroni Photography

From left, Walter J. Curran Jr., MD, Kimberly DiCicco, Stanley Wortman, Anne L. Rosenberg, MD, Richard G. Pestell, MD, PhD, Christopher Dezzi

"You are the reason we are here," Richard G. Pestell, MD, PhD, Director of the Kimmel Cancer Center (KCC) at Jefferson, told the gathering of cancer survivors at Jefferson's seventh annual Celebration of Life.

"Our goal is that you thrive, not merely survive," stressed Dr. Pestell, who is also Professor and Chair of Cancer Biology at Jefferson Medical College.

Noting that the number of cancer survivors in the United States – 9 million people – equals half the population of his native Australia, Dr. Pestell added, "I firmly believe that cancer one day will be a thing of the past."

Supporting that encouraging view, Walter J. Curran Jr., MD, Clinical Director, KCC, and Chair, Radiation Oncology, noted the growth of the cancer care program over his 11 years at Jefferson.

Dr. Curran singled out the next speaker, Christopher Dezzi, as one of his first patients when a 20-year-old student at LaSalle. Now, 12 years later, Mr. Dezzi leads KCC's Patient Advocacy program. He thanked Dr. Curran and Joy Soleiman, KCC Clinical Administrator, for "their vision in bringing patients together."

Addressing Challenges and Growth of A Decade and More

The three other speakers also addressed the challenges and growth of the last 10 years and more – prostate cancer survivor Stanley Wortman as Jefferson's pioneering seed implant patient 10 years ago, Kimberly DiCicco as a two-time breast cancer survivor, and breast surgeon Anne L. Rosenberg, MD, as an inspiration for the successful dragon boat races who is looking forward to the opening of the multidisciplinary breast cancer center in October.

The Celebration again this year featured an interactive Health Expo in which staff from the Jefferson-Myrna Brind Center of Integrative Medicine, genetic counselors from the Jefferson Hereditary Cancer Center, clinical trials specialists, social workers and representatives from community organizations serving cancer patients provided information and demonstrations.

In addition, the event displayed artwork and writing by cancer survivors. See photos on Page 2.

VITAL SIGNS: MAY 2006

TJUH, Methodist, Geriatric Psychiatry, Jefferson Hospital for Neuroscience

	Budget	Actual	Prior Year
Admissions	3,566	3,673	3,637

Patient Days	21,647	22,429	21,213
TJUH, Methodist Outpatient Visits	40,244	40,404	40,165
Patient Satisfaction Overall Mean Score (Jan-Mar) 83.3			

Dean's Awards Recognize Jefferson Medical College Faculty

This year's recipients of the Dean's Citation for Significant Contributions to the Advancement of Education at Jefferson Medical College and the Dean's Citation for Faculty Mentoring were honored at a reception for awardees hosted by Thomas J. Nasca, MD, Senior Vice President and Dean, Jefferson Medical College, at the Union League on May 24, 2006. These awards were instituted in 2004 by Dean Nasca to honor those faculty members who are recognized by their peers as outstanding educators and mentors of junior faculty. Awardees were nominated by Department Chairs or prior awardees and recommended for the awards by the Educational Development Advisory Committee of the Office of Faculty Affairs, which provided peer review.

The 2006 awardees are:

Dean's Citation for Significant Contributions to the Advancement of Education at Jefferson Medical College

Arthur Allen, PhD, **Biochemistry/Molecular Pharmacology**, Enrica Arnaudo, MD, **Neurology**, Robert S. Bailey Jr., MD, **Ophthalmology**, David Birk, PhD, **Pathology**, Matthew Burday, DO, **Internal Medicine - Christiana Care Hospital**, Kenneth Certa, MD, **Psychiatry**, Robert M. Coben, MD, **Medicine**, Herbert Cohn, MD, **Surgery**, Deborah Consolini, MD, **Pediatrics**, Andrew DeMichele, MD, **Surgery - Methodist**, Laurence Eisenlohr, PhD, VMD, **Microbiology**, John Flynn, PhD, **Physiology**, Kevin Hails, MD, **Psychiatry - Albert Einstein Medical Center**, Alfred Kurtz, MD, **Radiology**, David Loren, MD, **Medicine**, James P. Loughran, MD, **Internal Medicine - St. Francis Hospital in Wilmington**, Levon Nazarian, MD, **Radiology**, Marc R. Rosen, MD, **Otolaryngology**, Norman Rosenblum, MD, PhD, **Obstetrics/Gynecology**, Rosario Scalia, MD, PhD, **Physiology**

Dean's Citation for Faculty Mentoring

Renato Baserga, MD, **Microbiology**, R. Anthony Carabasi, MD, **Surgery**, Murray J. Cohen, MD, **Surgery**, Jeffrey L. Miller, MD, **Endocrinology**, Victor Navarro, MD, **Medicine**, Ernest Rosato, MD, **Surgery**, Michael Sperling, MD, **Neurology**, Kevin Sullivan, MD, **Radiology**

Jefferson Has 39 'Top Docs' - Not 38!

A Page One story in the June issue of *JeffNEWS* congratulated 38 Jefferson physicians for being honored in *Philadelphia* magazine's "Top Doctors" Issue. However, Christopher V. Chambers, MD, a specialist in Adolescent Medicine in the Department of Family and Community Medicine, was inadvertently omitted from the list. Our apologies go to Dr. Chambers. We congratulate him and all 39 Jefferson physicians!

Dr. Chambers explains that adolescent medicine is an area of expertise within primary care. "Physicians who care for adolescents have to possess the skills and interest to help teenagers and their families deal with rapid and often uneven changes in physical and emotional growth during periods of acute and chronic illness or, more commonly, through periods of generally good health."

Robert Neroni Photography

At the Fourteenth Annual Paul C. Brucker, MD, Lecture, Lawrence S. Lewin, MBA, Executive Consultant and founder and former CEO of The Lewin Group, presented "The Future of Health Care: Where Does 'Health' Fit In?" Mr. Lewin outlined the major changes needed to effect healthcare reform within the next decade, discussed the need for portable coverage not constrained by employment, and establishment of electronic health records. From left are Howard K. Rabinowitz, MD, Ellen M. and Dale W. Garber Professor, Department of Family and Community Medicine, Jefferson Medical College (JMC); Paul C. Brucker, MD, President Emeritus of Thomas Jefferson University (TJU); Mr. Lewin; Robert L. Barchi, MD, PhD, President, TJU; and Richard C. Wender, MD, Alumni Professor and Chair of the Department of Family and Community Medicine, JMC. The lecture is sponsored each year by the Department of Family and Community Medicine, JMC.

Robert Neroni Photography

Artists and writers displaying their work at Kimmel Cancer Center at Jefferson's seventh annual Celebration of Life. Clockwise from lower left: Richard K. Valicenti, MD, Associate Professor of Radiation Oncology, posing with photographer Arthur Zack, John Sharkey, Caryn Levitsky, Eileen Kirby, Sarah James and Toni Rich. At center are Paulette Hassey, left, and her daughter, Melissa Hassey. Through photography and writing, Melissa documented her mother's experience with breast cancer. Each photo contains notes conveying Melissa's thoughts as she watches and supports her mother through treatment and finally regaining her strength and finding a new support group and passion in dragon boat racing.

Noted Cell Biologist Michael P. Lisanti, MD, PhD, Brings Wide-Ranging Expertise to Kimmel Cancer Center at Jefferson

With the recent arrival of renowned cell biologist Michael P. Lisanti, MD, PhD, the Kimmel Cancer Center at Jefferson can lay claim to the 15th most cited scientist in biochemistry and biology in the scientific literature in the last decade.

Few cell biologists can point to research with such wide-reaching implications as Dr. Lisanti, who is an expert in the field of caveolae and caveolin proteins. These proteins, which play important

roles in cell communication, are also involved in the development of a number of diseases and conditions, such as cancer, atherosclerosis, diabetes, Alzheimer's disease and muscular dystrophy.

Dr. Lisanti, Professor of Cancer Biology at Jefferson Medical College (JMC), comes to Jefferson from the Albert Einstein College of Medicine in New York, where he was Professor of Molecular Pharmacology and Medicine.

"The recruitment of Dr. Lisanti and his team of scientists brings further prestige to Jefferson and the Kimmel Cancer Center," says

Richard Pestell, MD, PhD, Director of the Kimmel Cancer Center and Professor and Chair of Cancer Biology, JMC.

"Dr. Lisanti is internationally renowned for his discoveries - particularly in the role of caveolae - in cancer, Alzheimer's disease, muscular dystrophy, obesity and diabetes. His recent discoveries in breast and prostate cancer provide key new targets for therapy. Dr. Lisanti will enrich the cancer center's scientific and clinical programs during this exciting time of growth and revitalization."

Andrew Quong, PhD, Plans to Expand Nanotechnology Efforts at Kimmel Cancer Center at Jefferson

Recently appointed Associate Professor of Cancer Biology at Jefferson Medical College (JMC), physicist Andrew Quong, PhD, sees the burgeoning field of nanotechnology as the potential path to finding a cure for cancer.

Nanotechnology is the term used to describe interdisciplinary fields of science operating in the tiniest of microscopic scales, the size of atoms and small molecules. The nanometer scale is sometimes likened to being 10,000 times smaller than the width of a hair.

Dr. Quong plans to consolidate and better organize the nano-

technology efforts of researchers at JMC under one umbrella. Collaboration will be key, says Dr. Quong, who came to Jefferson earlier this year from Georgetown University in Washington, DC, where he was Director of the Nanotechnology and Integrative Cancer Biology Division at the Lombardi Comprehensive Cancer Center.

"Andrew Quong brings unique strengths that will take nanotechnology capabilities at Thomas Jefferson University and the Kimmel Cancer Center to the next level," says Richard Pestell, MD, PhD, Director of the Kimmel Cancer Center at Jefferson and Professor and Chair of Cancer

Biology at JMC. "We believe nanotechnology will be transformational in early detection and improving the quality of patient treatment. We are fortunate to have recruited a leader of Dr. Quong's caliber and to have brought his team here to the Kimmel Cancer Center."

Nanotechnology, Dr. Quong says, has clearly come of age, and has the potential to "revolutionize" molecular and personalized medicine.

One key member of Dr. Quong's research team is his wife and colleague, Judy Quong, PhD, Assistant Professor of Cancer Biology at JMC.

Honoring Jefferson Hospital Nurses During National Nurses' Week

Clinical Nurse Excellence Award recipients: from left, Carmel Ritchie, RN, Perioperative Division; Miriam Schwartz, presenting for the Women's Board; Ellie Schiabe, RN, Medical Surgical Division; Demi Kondracki, RN, Specialty Division; and Elana Drake, RN, Critical Care Division.

Excellence in Nurse Preceptorship/Mentorship Award recipients: from left, Betsy Zach, RN, Specialty Division; Mary G. Schaal, RN, EdD, Chair, Department of Nursing, Jefferson College of Health Professions (JCHP), presenting for JCHP; Roberta Schiavo, RN, Medical Surgical Division; and Veronica Beckman, RN, Methodist Division.

Career Achievement Award recipient: Linda Kinkle, RN, Specialty Division

Eileen Kelly Critical Care Nursing Award recipient: Mary Cavanaugh, RN, BSN, CCRN, Critical Care Division

Rising Star Award recipients Suzanne Silverman, RN, center, and Michele DiPaola, RN, both Medical Surgical Division, are honored by Mary Ann McGinley, RN, PhD, Senior Vice President for Patient Services and Chief Nursing Officer, Thomas Jefferson University Hospital.

The Department of Nursing of Thomas Jefferson University Hospital honored several staff nurses during National Nurses' Week whose theme was "Strength, Commitment and Compassion."

The Clinical Nurse Excellence Award recognizes a professional nurse who has demonstrated outstanding performance in planning, delivering, and evaluating patient care. The Women's Board of Thomas Jefferson University Hospital sponsors this award.

The Excellence in Nurse Preceptorship/Mentorship Award recognizes a professional nurse who demonstrates leadership in

patient care and who guides and motivates others, while supporting the education, development, and continual improvement of novice and experienced nurses. The College of Health Professions of Thomas Jefferson University sponsors this award.

The Rising Star Award recognizes a novice nurse in clinical practice who demonstrates commitment to the nursing profession and excellence in patient care.

The Career Achievement Award recognizes an experienced nurse who has made substantial and significant contributions to the nursing profession throughout her

or his career at Thomas Jefferson University Hospitals.

The Eileen Kelly Critical Care Nursing Award is named in memory of Eileen Kelly who was committed to developing exceptional critical care and cardiovascular nursing knowledge and skills through continuing education. The recipient is a role model for lifelong learning who demonstrates how continuing education and membership in AACN can inspire and enhance critical care and cardiovascular nursing practice. The SePA Chapter-AACN proudly sponsors this award.

New University Email System Arriving July 22

The long wait for a new University e-mail system will be over July 22 when the University converts to a new state-of-the-art service from Mirapoint (www.mirapoint.com).

According to TJU Chief Information Officer Bruce Metz, "This is an exciting opportunity to significantly upgrade one of the most critical applications at TJU. We expect everyone will see significant improvements in performance, system reliability, and such features as anti-spam filtering."

Mirapoint System Promises More Storage, Greater Reliability

In addition to improved system availability, mailbox storage capacity will be increased for

students, faculty and staff. Attachment sizes will also be increased in recognition of the growing use of email as a means for sending documents and sharing information.

The decision to choose the Mirapoint Messaging System was made after a careful review of the University's email requirements, says Mr. Metz. In addition to enhanced performance and security features, Mirapoint will provide:

- compatibility with TJU's evolving information technology infrastructure;
- a secure, scalable messaging platform that keeps pace with regulatory compliance challenges;
- strong vendor reputation and market position particularly in

research-oriented institutions of higher education and healthcare.

Other Mirapoint clients include the University of Chicago, Virginia Tech, Ford Motors, General Dynamics, Lucent Technologies and others.

According to Mr. Metz, "Installation of a new email system is the first major step of a longer term plan to provide across-the-board gains in the overall IT environment and core services at TJU. Next steps include significant enhancements in security, password management, single sign-on and calendaring."

For more information, refer to the *JeffMail Migration Resource Center* organization on the Pulse portal.

Rae Conley, RN, MSN, Receives 2006 Janet C. Hindson Award

The Department of Nursing presented the 9th annual Janet C. Hindson Award to Rae Conley, RN, MSN, Clinical Nurse Specialist, to highlight the hospital's Nurses' Week celebration. A Jefferson employee since 1979, Ms. Conley is currently the Clinical Nurse Specialist in the Department of Nursing on 9C/NC and 10 Thompson, caring for patients ranging in need from seizure management, headache management to tracheostomy management.

The Hindson Award recognizes individuals who demonstrate steadfast caring for the most vulnerable in society by relieving suffering, respecting colleagues and creating environments that enhance the physical, mental and spiritual comfort of others.

Below, Ms. Conley proudly displays her award, posing with Janet Hindson's sister, Sally Wagner, at left, and Mary Ann McGinley, RN, PhD, Senior Vice President for Patient Services and Chief Nursing Officer, Thomas Jefferson University Hospital.

Keeping Our Cool During Chiller Project

A major improvement in cooling hospital buildings will kick off in late July, announced Ron Bowlan, Associate Vice President, Facilities Management. The project is scheduled for completion in spring 2007. There will be no interruption to cooling during the project.

Although every effort has been made to avoid disruption to traffic in and around Jefferson's campus, the Chiller Project will involve considerable excavation of streets including Sansom Street and 10th Street. There will also be excavation on Moravian which is on Jefferson owned property. Initially, much of the work will be done after business hours with traffic restored by 6 a.m. As the project continues, construction will restrict or change traffic patterns for vehicles and pedestrians during business hours. The excavation phases of the project will continue through December 2006.

When the nine-phase project has been completed, chilled water to cool Jefferson buildings north of Walnut Street will be provided by utility company Trigen Energy.

JeffNEWS will present monthly updates of construction progress to alert employees and patients to any traffic disruptions and sidewalk closings. Up-to-date information on the Chiller Project will also be available on the web and through email.

Barry J. Goldstein, MD, PhD, Endocrinology Director, Named to Association of American Physicians

Barry J. Goldstein, MD, PhD, Director, Division of Endocrinology, Diabetes and Metabolic Diseases, Jefferson Medical College, has been elected to the Association of American Physicians (AAP).

Dr. Goldstein conducts research programs centering on insulin-resistant disease states including obesity and type 2 diabetes, a mild form of diabetes that usually appears first in adulthood without symptoms and is exacerbated

by obesity and a sedentary lifestyle.

Dr. Goldstein has written more than 135 papers in basic and clinical research as well as reviews and textbook chapters.

The AAP is a nonprofit, professional organization founded in 1885 for the advancement of scientific and practical medicine.

Congratulations to Winners of Jefferson's Remote Parking Prizes

Winners of the drawing for Jefferson's remote parking prizes have been announced. They are:

\$500

- Margaret Annan
- Kathleen Toman
- Donna Giulian
- Katherine Stornio
- Katherine Odorow
- Pierre Davis
- George Bolechowski
- Annmarie Vrobel
- Denise McCandless
- Doraliz Hidalgo

\$1,000

- Carole Muto
- Ronnie Mayes
- Michael Banks
- Brendan McGuire
- Katherine Krusen

\$5,000

- Joseph J. McFadden Jr.

To these employees, and all those who didn't win in the drawing, Jefferson thanks you for all the help you extended to our patients and their families during this time of inconvenience. You are all true winners!

Robert Neroni Photography

Alan Brechbill, right, Hospital COO, congratulates Joseph J. McFadden Jr., \$5,000 Grand Prize Winner of Remote Parking Drawing.

Patrice Miller Named Hospital Vice President For Clinical Resource Management

Patrice Miller, BSN, MSN, MBA, has been appointed Vice President for Clinical Resource Management for Thomas Jefferson University Hospital.

Ms. Miller came to Jefferson in 1997 from Pennsylvania Hospital where she had major nursing management responsibilities for cardiac services to become Jefferson's Director for Critical Care Services in the Department of Nursing. Since then she has assumed responsibilities for Performance Improvement, Case Management and Social Work as well as for Nurse Practitioners who work closely with clinical departments to improve patient care and coordination.

Ms. Miller's office is at 1015 Chestnut St., second floor. She can be reached at 5-1349.

Family Medicine's Deborah Witt, MD, Elected to STFM Board

Deborah Witt, MD, Attending Physician, Jefferson Family and Community Medicine, has been elected as Member-at-Large to the Board of Directors of the Society of Teachers of Family Medicine (STFM), the academic society of family medicine.

The Society was founded in 1967 to respond to the needs of family medicine educators. From a small beginning of 105 founding members, STFM has grown to a membership of more than 5,000 teachers of family medicine. Its mission is to improve the health of all people through education, research, patient care and advocacy.

To learn more, visit <http://www.stfm.org/news.html>

Hats Off to Methodist Hospital Pharmacy

Congratulations to the Methodist Hospital Pharmacy for being named "Preceptor of the Year" by the Temple University School of Pharmacy, Class of 2006. The three individual Pharmacists selected for their outstanding contributions and high standards are: Frank Natale, Jackie Lam and Chris DeSilvestro.

Blood Donor Center hours are 8:30 a.m. to 4 p.m., Monday through Friday. Please call 5-7791 to schedule an appointment if you are eligible and willing to give blood.

Month:

July 1 - 31: Hemochromatosis Screening Awareness month.

BROWN BAG LUNCHES

Lesbian and gay lunch group for staff, students and other members of the Jefferson community. The meetings will be held every third Wednesday of each month, noon to 1 p.m., 1508 Pavilion. Contact John at JeffGala@aol.com for more information.

CONFERENCES AND SEMINARS

Saturday, July 1

• The Jefferson Digestive Disease Institute of the Division of Gastroenterology and Hepatology, "26th Annual Advances in Gastroenterology," 8 a.m. to 5 p.m., Sheraton Hotel, Atlantic City, NJ. For registration and/or information visit: <http://jeffline.jefferson.edu/jeffcme> or call 1-888-JEFF-CME.

CONTINUING MEDICAL EDUCATION

Three Patient Safety/Risk Management CME activities that fulfill PA Board of Medicine requirements are available online at <http://jeffline.jefferson.edu/jeffcme/>. The activities are Disclosure of Serious Events, Proactive Documentation and Learning from Closed Cases.

GRAND ROUNDS

Wednesday, July 5

• Pediatrics/Family Medicine, Esther Chung, MD, MPH, Assistant Professor, JMC/duPont Children's Health Program; Edward Buchanan, MD, Assistant Professor, Family Medicine and Director, Obstetrical Service, Family Medicine, JMC; Barbara Watson, MBChB, FRCP, DCH, Medical Director Immunization Program, Division of Disease Control, The Philadelphia Dept. of Health, Janet Rocchio, RN, St. Christopher's Hospital for Children, "Immunization Education Program: Educating Physicians in Their Communities," 8 a.m., 105-107 BLSB.

Wednesday, July 26

• Pediatrics, Department Meeting, 8 a.m., 7th fl., Jimmy Brent Conference Room at JMC.

GRAND ROUNDS - VIDEO TELECONFERENCES WILL BROADCAST FROM LECTURE HALL, duPONT HOSPITAL FOR CHILDREN AND 7th fl., JIMMY BRENT CONFERENCE ROOM AT JMC

Wednesday, July 5

• Pediatrics, Brian W. Binck, MD, Intensivist, Critical Care Medicine, duPont Hospital for Children, "The Struggle Against Entropy: Effective Medical Communication in the 21st Century," 8 to 9 a.m. (from duPont to AtlantiCare and Christiana Care Health System).

Wednesday, July 12

• Pediatrics, Howard B. Panitch, MD, Senior Physician, Division of Pulmonary Medicine, CHOP, Associate Professor, University of Penn School of Medicine, "Long-Term Follow-Up in Bronchopulmonary Dysplasia," 8 a.m. (from Jefferson to duPont, AtlantiCare and Christiana Care Health System).

Wednesday, July 19

• Pediatrics, Louis E. Bartoszesky, MD, MPH, Medical Geneticist, duPont Hospital for Children, Associate Professor, JMC, "Genetics of Congenital Hearing Loss," 8 a.m., (from duPont to Jefferson, AtlantiCare and Christiana Care Health System).

Wednesday, July 26

• Pediatrics, Meena Ramakrishnan, MD, MPH, Consultant, Nemours Health and Prevention Services, Sandy Hassink, MD,

CLASSIFIED

JeffNEWS Classifieds - Free to Jeffersonians. Maximum 50 words. Thomas Jefferson University does not guarantee quality or condition of property advertised.

To place an ad to sell or rent property, complete a housing registration form available at the TJU Housing Office, 103 Orlowitz Hall or at the Communications Office, Suite 300, 211 S. 9th St.

For more information on any property listing, call 5-6479. Telephone numbers do not appear in JeffNEWS real estate ads.

July 1 Apartment for rent: 9th and Bainbridge, one bedroom, sunny, clean, washer/dryer on site, \$850 a month (utilities not included).

July 2 Olde City rental: 3rd and Arch Sts., 3 bedrooms, 3 1/2 baths, deck, parking, 2,000 sq. feet, fireplaces, very charming, \$2,900 a month.

July 3 Luxury Condo for rent: Cape May, NJ, 1 bedroom suite with private veranda with view, saunas, pool and fitness center, 2 blocks from shops and restaurants.

July 4 Condo for rent: Wildwood, NJ, beach block, 2 bedrooms, 2 baths, pull-out sleeper, central air, access to washer/dryer, 2 parking spots.

July 5 Condo for rent: Manayunk, Dupont Towers, 1 bedroom, 1 bath, hardwood floors, all new appliances, washer/dryer on site, gated parking, secure entry, swimming pool access, easy access to public transportation, adjacent to Fairmount Park, \$1,050 a month, all utilities included.

July 6 Condo for rent: N. Naples, Florida! 2 bedrooms, 2 baths, den, golf, tennis, fitness, swimming, sleeps 6, \$3,400 a month.

July 7 Home for rent: Luxury waterfront home on the Chesapeake, located within Elk Neck State Park, one hour from Phila., maximum occupancy 6, available year round, two-week rentals preferred in season, \$2,300.

July 8 Vacation Rental: Wildwood, NJ Sleeps 6-8 Very spacious 3 bedroom, 2 1/2 bath. Reverse living -

bedrooms on first floor, living/dining/kitchen on second floor with cathedral ceilings. Semi-private, third level loft with queen sleeper and powder room. No smoking in house and no pets. All new.

June 9 Chalet for rent: Locust Lake Village, beautiful Chalet in the Pocono Mountains, sleeps 8, 2 baths, refrigerator, dishwasher, washer/dryer, coffeemaker, microwave, wood burning stove, electric heat, loft, lake view from deck, near Jack Frost and Big Boulder, short drive to Camelback and the Crossings Outlets. No smokers, no pets, summer rental available.

To place an ad to buy or sell personal items, send written copy and a photocopy of your Jefferson ID to Ruth Stephens, 211 S. 9th Street, Suite 300. Please include your Jefferson extension and area code for home number. (Please do not abbreviate copy.)

For sale: Antique cherry wood china cabinet with locking glass doors with key, \$350, price negotiable, Mikasa "Charisma Black" china, service for 4, like new, \$100. Call Joanne at 5-8769 or email joanne.gotto@jefferson.edu.

For sale: 18 cubic feet refrigerator/freezer, self-defrost, \$188, freezer \$128, small refrigerator, \$88, \$36" color TV, \$288, tiled kitchen set with 4 chairs/pads, \$188, 50-gallon hot water heater (8-yr. warranty), \$166, under counter Whirlpool dishwasher, \$188, black leather love seat, recliner, \$68 and 60 sq. yards of carpeting, \$4.88 a yard. Call Leo or Theresa at 856-424-8255 or email leo8255@earthlink.net.

For sale: 2000 Ford Windstar SE, leather, power sliding door, DVD, \$5,250. Call Margie at 267-808-7711.

For sale: 1995 Chevy Cavalier, blue, 2-door, runs, \$300. Call Margie at 267-808-7711.

Director of Weight Management Program, Division of General Pediatrics, duPont Hospital for Children, Assistant Professor, JMC, Karyl Rattay, MD, MS, Senior Program and Policy Analyst, Nemours Health and Prevention Services, "Childhood Overweight in Delaware - The Burden, The Look of Success and Strategies to Get There," 8 to 9 a.m., (from duPont to AtlantiCare and Christiana Care Health System).

MEETINGS

Monday, July 10

• Executive Committee of the Medical Staff, TJUH, 5 p.m., 636 Scott.

Monday, July 24

• Full Board of Trustees, noon, 636 Scott.

Thursday, July 27

• Thomas Jefferson University Hospitals, Inc. Board, 8 a.m., 101 BLSB.

SPECIAL EVENTS

• Activities Office, Ticket Sales, "Wicked," Friday, August 5, 2007, 8 p.m. - on Sale Now; Summer fun: Clementon Park, Dorney Park, Dutch Wonderland, Hershey Park, Morey's Piers, Sesame Place, Six/Flags Great Adventure; Phillies Baseball, Area Museums including the Battleship New Jersey and Ride the Ducks; AMC, Regal, Ritz, United Artists Movie Theater Passes; Coming Soon - Philadelphia Eagles tickets - August. For more information contact the Activities Office at 215-503-7743 or visit us in Jefferson Alumni Hall, Room B67.

RELIGIOUS SERVICES

Monday, July 3

• The 2 Chronicles 7:14 prayer group, 6:30 to 6:55 a.m., 9490 Gibbon (behind the chapel). Also Mondays, July 10, 17, 24 and 31. Call Paul at 609-680-7546.

Wednesday, July 5

• Hospital Christian Fellowship, brown bag, Bible study, 1 to 2 p.m., 302 MOB. Call Barbara J. Scott at 215-276-9292. Also Wednesdays, July 12, 19, and 26.

Thursday, July 6

• Interfaith Prayer and Meditation Service, noon, Chapel, 9 Gibbon. Anyone from any faith is welcome. During brief service silent

prayer is offered from requests written in books placed in the Chapel, Bodine Cancer Center and several other hospital areas. Also Thursdays, July 13, 20 and 27. Call 215-955-6356.

Tuesday, July 11

• Christian prayer meeting - Come seek the Lord in Scripture, song and prayer, 1:15 to 1:45 p.m., 1102 Edison. Also Tuesdays, July 18 and 25. Call Theresa at 215-955-4710 regarding attending or email prayer requests to Theresa.Kaggia@jefferson.edu

Monday, July 24

• Inspirational video showing/Bible study, 3 separate sessions: noon, 12:30 and 1 p.m., 159 JAH. All welcome. Call Luel at 610-352-9167, Ester at 215-955-5951 or Nenita at 215-725-1579.

SUPPORT GROUPS

Monday, July 10

• Spasmodic Dysphonia, 12:30 to 1:30 p.m., Outpatient Rehab Medicine Offices, 25 S. 9th St. Contact Addy Schultz, Speech-Language Pathologist, OP Rehab, 215-955-0122 or adeline.schultz@mail.tju.edu
