

**JEFFERSON SCHOOL OF POPULATION HEALTH
GRE AND PREREQUISITE WORKSHEET**

I. GRE OR EQUIVALENT

CHECK ONE	✓
I have taken the GRE or another graduate level entrance examination (i.e., MCAT, LSAT) and I am having my scores sent directly to JSPH. The equivalent graduate level exam I have taken is:	
I have already completed a graduate degree from an accredited institution, and this information is contained in official transcript(s) submitted in my self-managed application envelope. The degree I completed is:	
I have completed nine (9) or more appropriate graduate credits at an accredited institution with a grade of B or higher, and this information is contained in official transcript(s) submitted in my self-managed application envelope.	
I am currently enrolled in a graduate clinical or professional program that required submission of GRE or other graduate level entrance examination scores. Transcripts or documentation verifying enrollment is submitted in my self-managed application envelope.	
I have a GPA of 3.3 or higher from a Jefferson-affiliated undergraduate institution* and I have completed specified prerequisite coursework** with a grade of B or higher for the program to which I am applying. The documentation is contained in my transcript submitted in my self-managed application envelope.

U.S. history (6 credits)	Social sciences (6 credits, of which 3 must be in psychology)
Statistics (3 credits)	

II. PREREQUISITES:

HEALTH POLICY

CHECK ONE IN EACH CATEGORY:		✓
Statistics	I have completed 3 credits of undergraduate or graduate statistics with a grade of B or higher and this is documented on my transcripts	
	I will take the JSPH statistics challenge examination*	
	I will take a 3 credit statistics course (graduate or undergraduate) and submit my grade of B or higher prior to enrollment in the JSPH program.	
Macroeconomics	I have completed 3 credits of undergraduate or graduate coursework in macroeconomics with a grade of B or higher and this is documented on my transcripts	
	I will satisfactorily complete JSPH's online module on macroeconomics prior to enrollment in the JSPH program.	
U.S. Government	I have completed 3 credits of undergraduate or graduate coursework in political science with a concentration in U.S. government and earned a grade of B or higher. This is documented on my transcript(s)	
	I will satisfactorily complete JSPH's online module on U.S. government prior to enrollment in the JSPH program.	

**A challenge examination is equivalent to a final exam in a 3 credit course. If the student does not pass the statistics challenge exam with a grade of B or higher by the second attempt, he/she must take a graduate or undergraduate statistics course and earn a grade of B or higher. A \$50 fee is charged for the challenge examination. For more information, call 215-503-5305.*

HEALTHCARE QUALITY AND SAFETY

CHECK ONE IN EACH CATEGORY:		✓
Statistics	I have completed 3 credits of undergraduate or graduate statistics with a grade of B or higher and this is documented on my transcripts	
	I will take the JSPH statistics challenge examination*	
	I will take a 3 credit statistics course (graduate or undergraduate) and submit my grade of B or higher prior to enrollment in the JSPH program.
