

JeffSTAT EMS Training Center
Buddy/Referral Program for EMT & Paramedic

Objective:

The referral program is designed to provide our customers with an incentive if they refer a friend or family member to the following course offerings:

- Emergency Medical Technician (Online or Classroom)
- Paramedic Course (Full-time & Part time)

Description:

In order for the customer to qualify for the referral discount, they must bring a friend or family member and register at the same time. After successfully registering the buddy for the EMT or Paramedic program the referring party will receive the program discount, which will be reflected on their registration form to prevent duplication of discounts. The registration form will also note the amount of discount applied.

Applying the Discount:

The customer who refers a friend or family member will be eligible to receive \$100.00 each off of their tuition. For the Paramedic students, the credit will be \$600.00 off of their tuition. The discount for the EMT program will take affect after the fifth week of the full-time course, and the seventh week of the part-time course. For the EMT part-time and full time programs the class tuition must be paid in full in order to receive a refund. The Paramedic course discount will take affect when more than half the course is complete and 90% of the tuition has been paid.

Disclaimer:

JeffSTAT EMS Training Center reserves the right to not issue the buddy system discount for one of the following reasons:

- Dismissed from the course for academic reasons prior to issuance
- Violation of any policy and procedure and or the Waiver of Liability
- Excessive absences from the Paramedic or EMT course resulting in dismissal
- Incomplete clinical rotation time
- Positive criminal background that has not been approved the Pennsylvania Department of Health
- Failure to make payment on time

Alumni:

At the end of each Emergency Medical Technician and Paramedic Course, each student will receive a referral card. The referral card will have the students (alumni) name on the front and a space on the back to refer a student to the course. The referred student will surrender the card during registration. The referred student must successfully complete the program in order for the referring party to receive the incentive. The following incentives apply to the Alumni course participant:

- Emergency Medical Technician Course Alumni- will receive a voucher for a free CPR course. The CPR certificate will be valid for three years from date of issue.

- Paramedic Alumni- will receive a voucher for a free ACLS or PALS course. The voucher will be valid for three years from issue date.
