

Saturday STEM Academy

Thomas Jefferson University

Saturday Academy is a six-session program for 7th and 8th grade students who are interested in STEM and health sciences and who come from backgrounds/populations underrepresented in STEM.

This free program takes place two Saturdays a month on Jefferson's Center City campus and explores topics including forensics, neuroscience, anatomy, and more!

Scan the QR code at right or visit jefferson.edu/outreach to apply.

Apply by: Thursday, September 14, 2023
