

# First Destination Report

## CLASS OF 2014

This survey includes undergraduate students who graduated in August 2013, December 2013 & May 2014. Statistics are derived from a survey collection pool of 405 from a total graduating class of 550 (representing a 74% knowledge rate). Response sources include: self-reported survey responses, faculty/staff outreach, and LinkedIn profile verifications. Of the 405 responding graduates, **386 or 95%** have reported post-graduation employment in fields related to their career interests or graduate school acceptance. 316 or 78% of graduates reported employment; 70 or 17% gained acceptance to graduate school. The remaining 19 or 5% indicated they were still seeking employment at the time of this report.
