

Students with a background in Life Sciences: Biochemistry, Biology, Biotechnology, etc...

Students with a background in Engineering: Chemical, Mechanical, etc...

BP 601 Basic Engineering for Scientists  
(2 Credits)

BP 602 Basic Biochemistry & Biology for Engineers  
(2 Credits)

BP 603 Introduction to Biopharmaceutical Processing  
(2 Credits)

BP 605 Introduction to Upstream Unit Operations  
(4 Credits)

BP 604 Introduction to Downstream Unit Operations  
(4 Credits)

12 Credit Certificate in  
Biopharmaceutical Process Development
