

## ENVIRONMENTAL STUDIES & SUSTAINABILITY

CREDITS 12

### INTRODUCTION

Students explore how human societies and the ecosystems that support them have co-evolved over time and analyze the political, economic and cultural dynamics that have produced the sustainability challenges now clouding our future on planet Earth.

### COURSES

Select four of the following

SUST 100	Fund of Sustainability***	LARC 310	GIS Landscape Analysis*
SUST 102	Water Resources & Environ***	ETHC 202	Environmental Ethics*
SUST 104	Atmosphere and Enviro***	GCIT 208	Global Environmental Citizenship*
SUST 120	Sustainable Food Chains***	GDIV 221	Environment and World Cultures*
SUST 200	Energy Systems & Politics***	ISEM 340	Sustain & Develop Non-WestWorld*
SUST 202	Econ of Sustainability***	SCI 101	Environmental Science*
SUST 204	Sustainable Plan Land Use***	SCI 106	Biology for Design* **
SUST 206	Environmental Policy***	SCI 108	Sustainability and Eco-Innovation* **
SUST 300	Sustainable Tech for Arch***	SCI 110	Landscape Ecology*
SUST 302	Industrial Ecology***	BIOL 102	Introduction to Botany*
SUST 402	Managing Sustainable Org***	BIOL 319	Oceanography*
SUST 421	Environmental History***		

\* Courses taken to fulfill requirements in a student's major or in the Hallmarks Core cannot also be applied towards the minor.

\*\* Due to the overlapping learning goals between SCI 106 and SCI 108, students cannot take both.

\*\*\* Courses with the SUST prefix are offered infrequently since the closure of the Environmental Sustainability major.
