

TEXTILE PRODUCT SCIENCE

CREDITS 12

INTRODUCTION

The TPS minor offers students an introduction to the process flow of fibers through finished products. A sequence of four courses will give a student the opportunity to understand the interdisciplinary nature of textile materials in a wide variety of disciplines and their potential capabilities and limitations.

COURSES

Select one of the following

TEXT 101	Survey of Textile Industry
TEXT 104	Fiber and Yarn Studies

Select three of the following

KNIT 201	Knit Technology I
KNIT 205	Knit Technology II
WEAV 201	Weave Technology I
WEAV 301	Weave Technology II
TEXT 321	Nonwovens
TEXT 307	Textile Materials
