

Jefferson College of Life Sciences (JCLS) Alumni Association Graduate Student Travel Fellowship Application Guidelines

A limited number of fellowships are available for Jefferson College of Life Sciences (JCLS) students. The Fellowships, funded by the Alumni of JCLS, are used to partially defray the cost of attending a scientific meeting or symposium at which the student is making a presentation that is related to the student's graduate study or for a career/professional development opportunity, such as a course or workshop not available at Jefferson. Guidelines for submitting applications are as follows:

1. All graduate students who matriculated into a degree program, e.g. Doctor of Philosophy (Ph.D.), combined MD/Ph.D., or Master of Science (MS) are eligible to apply.
 - a. Ph.D. and MD/Ph.D. student applicants are eligible to apply once they have passed their comprehensive/preliminary exam before the meeting or course takes place.
 - b. MS student applicants in programs that require a thesis or a capstone project are eligible to apply following approval of their thesis or capstone proposal for work directly related to their research project.
 - c. MS student applicants in programs that do not require a thesis or capstone should contact Dr. Lisa Kozlowski, JCLS Associate Dean, at lisa.kozlowski@jefferson.edu before submitting an application.
2. Fellowships are used to help defray expenses related to the meeting or course registration, transportation, lodging, and meal costs. A maximum of \$1,200.00 per successful application will be granted. Please note that additional funding from other sources may be necessary to cover the total costs. Students are expected to apply for travel support from the conference or course, if available.
3. The Awards & Fellowships Committee of the JCLS Executive Committee will review all applications and make recommendations to the JCLS Executive Committee. The JCLS Executive Committee renders the final decision regarding fellowships.
4. Applications may be submitted at any of three deadlines throughout the year: October 1, February 1, and June 1, or the Monday after the 1st if it falls on the weekend. Applications will not be considered nor will fellowships be made on a retroactive basis (i.e. for meetings or courses attended prior to the first of the month as noted below). Applicants will be informed of decisions by the first of the month following the application deadline. The below table should be consulted to determine eligibility for each application deadline. Applicants must keep these deadlines in mind when submitting applications to allow sufficient time for application review and processing, and when making arrangements to attend the planned meeting or course. Due to the high volume of applications received, there can be no guarantee of funding and thus alternate resources should be identified before travel commitments are made, as noted in Guideline #2.

Application Deadline	Earliest Possible Start Date for Meeting/Course
February 1	March 1
June 1	July 1
October 1	November 1

5. An applicant may submit only one application per cycle. Applications to multiple meetings or courses from one student will not be considered within the same cycle.
6. Past recipients may apply for a second fellowship, but preference will be given to students who have not already received a fellowship. A student may only receive a maximum of \$2,400 (typically two fellowships) per degree-granting program, during their graduate tenure.
7. Students whose applications were not selected may resubmit new applications in future fellowship cycles.
8. Successful applicants will need to provide documentation that the applicant's abstracts have been accepted for presentation or participation.
9. Recognition of receipt of the JCLS Alumni Association Graduate Student Travel Fellowship should be included in acknowledgments of poster or platform presentations.
10. **The following information needs to be included in your application in one (combined) PDF in the order listed below. Applications submitted outside of this format may not be accepted nor reviewed.**
