

Post-Doctoral Fellow

Department of Radiology

Lab of Dr. John Eisenbrey

REQ-0003490

Our group is pleased to announce the search for a candidate to fill a 1-4 year postdoctoral fellowship position currently available in the Division of Ultrasound, Department of Radiology with a specific focus in diagnostic ultrasound. Specific projects will vary but will include the testing of experimental ultrasound contrast agent imaging modes, preclinical imaging, device testing, and clinical diagnostic and trials. Specific responsibilities include but are not limited to in vitro and in vivo experimentation, ultrasound data acquisition, data analysis, and writing and presentation of scientific results. Applying candidates should have completed a PhD or medical doctorate and have prior experience with hands on ultrasound scanning, clinical data interpretation, and ultrasound image analysis.
