

## MPH Capstone-ILE In Progress Agreement

*Completed by the student and C-ILE Instructor.*

A student must submit this *MPH Capstone-ILE In Progress Agreement* at the end of the trimester in which they have received an IP (In Progress) grade for a C-ILE course (PBH 611, PBH 612, PBH 613 or PBH 614). This agreement outlines the expected deadlines for submitting all remaining course requirements. If deadlines extend beyond the grading period of the trimester, the student's planned graduation date may be affected. Students should refer to the Capstone Guidelines for more information about C-ILE timelines. Students who exceed their time allotment for C-ILE or time-to-degree run the risk of being withdrawn from the program.

As a reminder, a student may not register for PBH 612 or PBH 614 until they have earned a passing grade in PBH 611 or PBH 613, respectively.
