

PEDI-SCI MEASURE OF PARTICIPATION - PMoP (V2)

Parent Respondent: Participation Compared to Friends (age 4-7)

For each question, think about **WHAT YOUR CHILD DOES AND WHAT YOUR CHILD'S FRIENDS DO** and choose one of the answers below that best describes your child:

My child doesn't do it because he/she can't = your child cannot do it.

My child does it a lot less than his/her friends = your child does it, but his/her friends do it a lot more.

My child does it a little less than his/her friends = your child does it but his/her friends do it a little more.

My child does it as much as his/her friends = there is no difference between my child and his/her friends.

- If your child attends school, complete questions 1-8.
- If your child is home schooled or does not attend school, complete questions 1-6. Do NOT answer questions 7-8.
