

Occupational Therapy Assistant Studies Program  
Occupational Therapy Site Visit

As part of the application and admission process for the A.S. in Occupational Therapy program, you must complete two site visits to OT practitioners. **You must select two sites with different consumer populations and settings.** For instance, visiting OT clinics in two long term care facilities would not meet the requirement. If in doubt about your choices for visits, please call the Thomas Jefferson University A.S. in Occupational Therapy program for clarification.

You must complete one form for each visit. Please submit these completed forms prior to scheduling your admission interview.

Name of Site \_\_\_\_\_

Name of OT Practitioner  
Observed \_\_\_\_\_

Date of Visit \_\_\_\_\_

1. Describe the consumers who are being treated at this facility. Please include age range, gender and a sample of diagnosis.
2. What interventions were being used by the OT practitioners?
3. What goals were the client(s) working on based on the OT interventions you observed?
4. As a result of your observation, what do you perceive are the essential skills needed to be an occupational therapy practitioner in this setting?
