Age-Friendly Health Systems

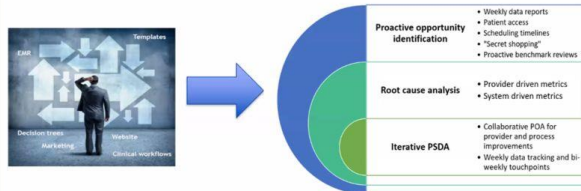

ORIGINAL RESEARCH

Implementation of the Person-Centered Primary Care Measure

Geoffrey Mills, MD, PhD, William T. Leach, MA, Richard W. Hass, PhD, Allison Casola, PhD, Amy Cunningham, PhD, Christopher Chambers, MD, Rebecca Etz, PhD, and Anna Flattau, MD

Collaborative QI process

Goal: Optimize clinical operations with emphasis on patient access and clinician productivity.
Approach: Operational and clinical leaders developed a structured tool that leveraged best-practice QI processes to optimize access.

9

Organizational infrastructure that supports faculty careers

Building Jefferson's academic primary care system

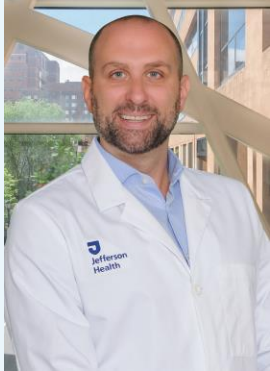

- Welcome to Dr. Evan Forman, Vice Chair for Research and founding Executive Director of the Jefferson Primary Care Research Center
- We are joining forces with Lehigh Valley faculty
- We drive best practices, innovation, professional education, and dissemination of new knowledge

Research and
scholarship:
Disseminating
new
knowledge

- **41 active research projects** within the department
- **\$2.9 million** in direct grant funds in FY 26
 - 54% federal
 - 22% private non-profits
 - 12% state or local
 - 12% industry, foundation, individual, or trust
- 51 papers in FY25
 - 17 with a first author in DFCM (33%)
 - 10 with a trainee/learner (19%)
- **Clinical trials**
 - Jefferson has been a **leading recruitment site** all 2025, and expanding recruitment to LVHN (176 total enrollments, 7 from LVHN).

Educational programs

Education in Family Medicine for all SKMC students

- 275 students completed the Family Medicine Clerkship
- 174 students took a course or elective in our department
- Lehigh Valley is a new clerkship sites with 12 participating clinics

Family Medicine Summer Research Program engaged students including Erin Welch, who received a scholarship through the Kendig Family Medicine Fund.

The scholarship supported her work on "Disparities in Somatic Testing in Metastatic Prostate Cancer: identification of the socioeconomic and demographic influences on undertesting."

Future Family Physicians at SKMC

- **Mentorship Program**
 - 32 students in the current (class of 2026) FM pathway
 - All matched!
 - Match Day March 20, 2026!
 - 18 students were in class of 2025 FM pathway
- **Family Medicine Interest Group (FMIG)**
 - Advisor: Dr. Barbara Cymring
 - Hosted Annual Meet Family Medicine event
 - New procedure workshops increase FM exposure (Drs. Gorbonosov, Ezran, Swyryn, Hill, McClowry)

Meeting Family Medicine

Joint Injection Workshop

JeffBEACON -5th cohort

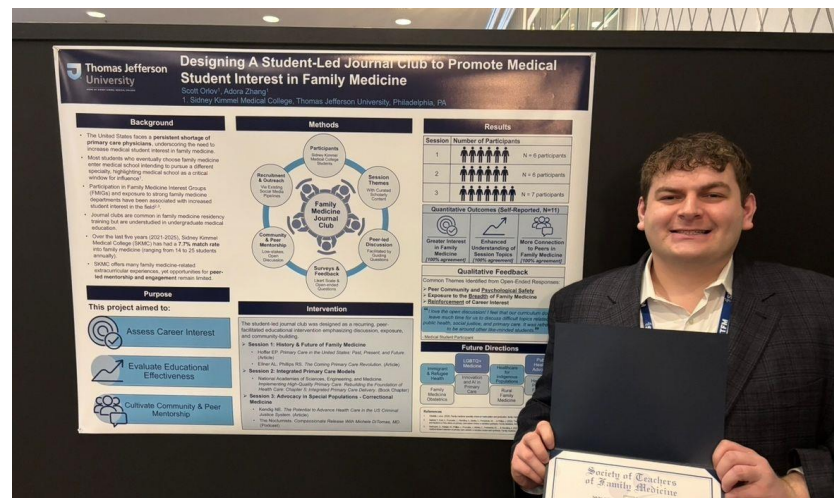

- 48 students engaged across all years
- **Dr. Kryz Foster** received funding from the Pennsylvania Academy of Family Physicians Foundation for curricular enhancement
- New initiatives
 - Student Travel Awards
 - Student Mini-Grants
 - JeffBEACON Movie Club
 - "Write Your Why" Career Development Seminars

MLK Day of Service

2026 STFM Medical Student Education Conference

- 5 Faculty Presentations by Drs. Cymring, Morales, McClowry, and de la Cruz
- 1 Outstanding Student Scholar Poster by Scott Orlov
- Faculty STFM engagement
- Dr. Bobby McClowry appointed to Medical Student Education Collaborative Steering Committee
- Dr. Marisyl de la Cruz serves on Medical Student Education Committee
- Laura Monroe, Educational Programs Manager, joined Coordinator Track

Jefferson's First Pisacano Scholar

SCOTT ORLOV

2025 Pisacano Scholar

Medical School: Sidney Kimmel Medical College (SKMC) of Thomas Jefferson University

- 34 current students
 - Presentations at FMEC, PAFP Annual Delegates, national ACOG Student Representatives, national and international conferences
- 13 students begin this summer
- 5 PSAP students won SKMC Awards
- Partnered with PA AHEC to offer longitudinal rural education and rural preceptor opportunities

How to Support New Doctors

Kelly McGuigan, MD

Posted on September 22, 2025

Jefferson Family Medicine Residency Coalition

Includes all 8 Jefferson Programs

1. Einstein Philadelphia
2. Einstein Montgomery
3. Jefferson Abington
4. Jefferson Center City
5. Jefferson New Jersey
6. Jefferson Northeast
7. Lehigh Valley
8. Lehigh - Schuylkill

Inaugural Retreat

- Curriculum Development
- Recruitment
- QI projects

Grants

- ERASMUS Grant - completing year 3 and applying to next cycle
- ABFM Foundation Family Medicine Residency Learning Network Seed Grant for HIV Primary Care Education

Annual Residency Leadership Summit in Dallas

Chief Residents

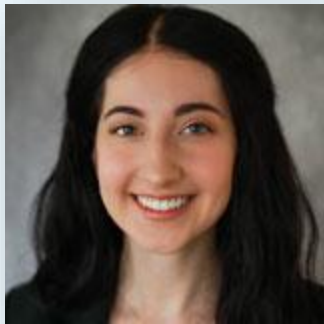

- **THANK YOU** to our retiring Chief Residents:

Dr. Elizabeth Franko and Dr. Adetutu Olowu

- **CONGRATS** to our new Chief Residents:

Dr. Julia Beatini and Dr. Kelly McGuigan

Drumroll until Friday....

- 764 applications received (466 from US schools)
- 132 US medical schools in 39 states
- 135 interviews completed
- **MATCH DAY--March 20, 2026!!**

ACGME Fellowships all matched!

Hospice and Palliative Medicine

1. Alyssa Campbell, DO - Abington Internal Medicine residency
2. Elizabeth Clark, MD - TJU Family Medicine residency and Geriatric Medicine fellowship
3. Maurice Mazraani, MD - Cooper Family Medicine residency

Geriatric Medicine

1. Rani Shah, MD- Internal Medicine residency at Inspira Health in NJ
2. Nancy Brisbon, MD, returning to us after working at TJU and Mazzoni for many years

Sports Medicine

1. Adrian Oppong, MD - TJU Physical Medicine and Rehabilitation residency program.
2. Carolyn Corcoran, DO - Saratoga Hospital's Family Medicine residency program.

Addiction Medicine

1. Dr. Melina Diaz Pellot - General Hospital Internal Medicine in Pittsburgh
2. Dr. Alex Taylor - St. Luke's University Health Network OBGYN in Bethlehem

Primary Care

New leadership contributions

Enhanced clinical leadership

Dr. Noora Siddiqui

- Associate Medical Director, JFMA and Assistant Lead of Clinical Operations, DFCM

Enhanced operational leadership

- Kaushal Gundavda, Director for Clinical Operations
- Lashawn Braithwaite, Wyss Practice Manager
- Allison Herens, Bridge Program Manager
- Sacoya Walker, JFMA Practice Manager
- Kristen Appenzeller, Practice Manager
CHA, HBPC, Ambulatory Palliative Care

New programs

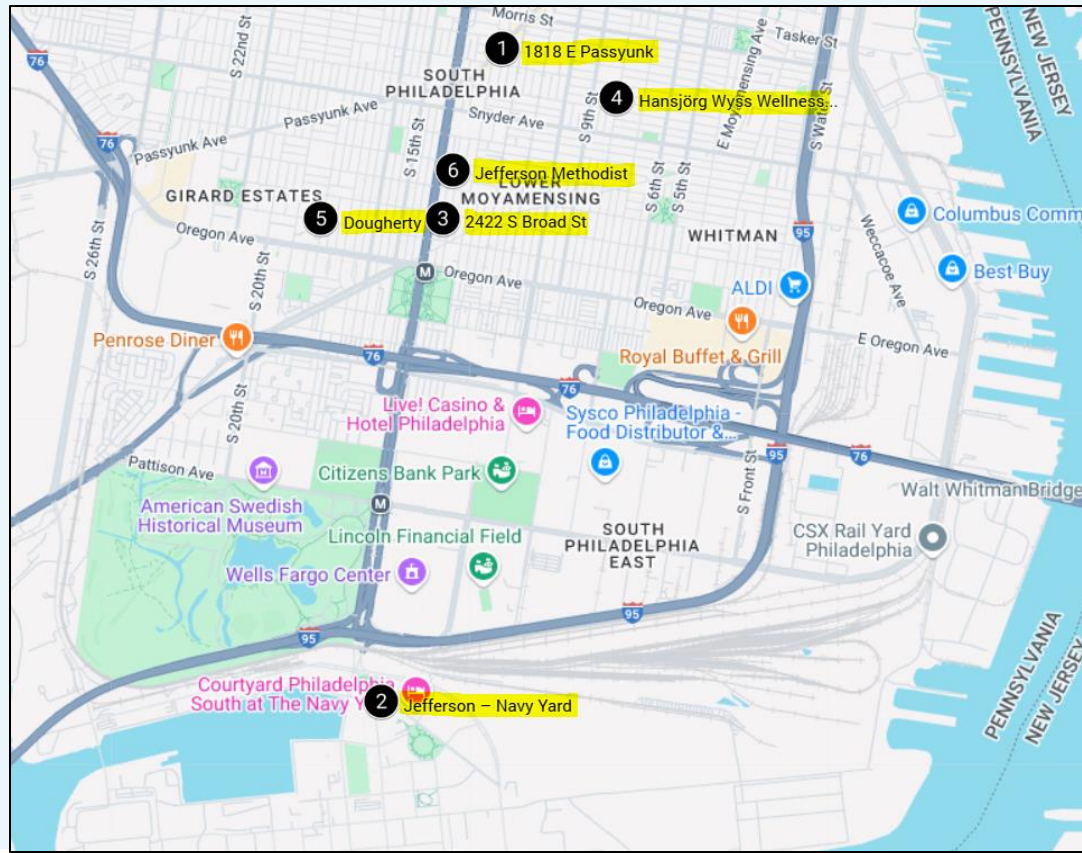

- Student Health Clinic at JFMA
 - Dr. Kyle Bardet, Assistant Provost for Student Health

- Maternal-Child Health programming
 - Centering Pregnancy re-established at JFMA
 - Jefferson Health Plan partnership for pediatric outreach

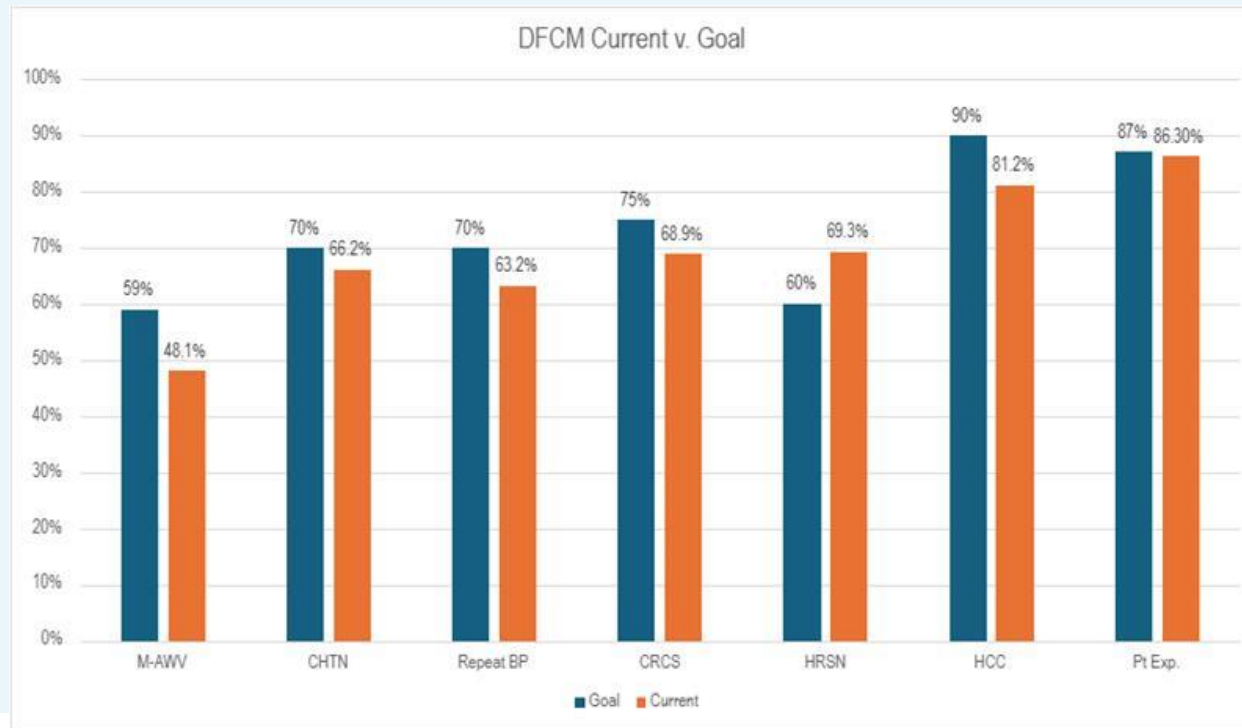

Solidifying our South Philly presence

- Wyss Wellness Center transitioned to a Jefferson practice in August 2026
- Yola Sara CRNP and Dr. Marc Zibelman moved to join the Wyss site team

Commitment to operational excellence and quality

- Standardized clinician onboarding process
- Template standardization and scheduling optimization
- Clinical-operational collaboration on budgetary planning
- Collaboration with Age-Friendly Nursing for AWW completion

Thought leadership in advanced primary care

Goals and Metrics for High Quality Inpatient Palliative Care

🎯 Program Goals

- ✓ Provides goal-concordant care aligned with patient values
- ✓ Leads to significant reduction in hospital length of stay
- ✓ Prevents unwanted and unnecessary readmissions
- ✓ Ensures seamless coordination with home-based services

Penetration Rate = PC Consults / Total Admissions

TARGET: 5.8%

(75th Percentile Nationally)

📈 Scaling Objectives

01 Early Palliative Care Consultation

Ensuring consultation occurs early in hospital admission to maximize impact on patient care trajectory. (Goal: Before day 3 of hospitalization)

02 Increased Follow-up Visits

Reaching an average of 2 follow-up visits per patient to maintain continuity of care and ensure appropriate transitions.

03 Increased Palliative Care Utilization

Achieving a higher volume of inpatient consultations to reach the optimal number of patients in need across the enterprise.

Palliative Care Impact on Hospital Length of Stay by Disease Type

Evidence consistently demonstrates that early palliative care consultation significantly reduces hospital length of stay across diverse patient populations.

Medical ICU

5 Days

Shorter median LOS achieved with early palliative care consultation.

Oncology

4.5 Days

Average LOS with early consult (≤ 3 days).
Associated with reduced mortality.

Heart Failure

2 Days

Reduction in LOS plus significantly fewer rehospitalizations.

End-Stage Renal Disease

21%

Shorter LOS (-4.2 days) and 14% lower overall costs.

HBPC Program Overview – What We Do and Why It Matters

Care Delivered at Home

Interprofessional & Provider-Led: MD, CRNP, RN and SW team providing comprehensive care directly in the patient's home.

Complementary Care: Works alongside curative and life-prolonging therapies, not replacing them. Caregiver Support.

Comprehensive Assessment: Addresses physical symptoms, psychological needs, emotional wellbeing, and spiritual care.

Closing Access Gaps/Transitions of Care

Targeting homebound patients struggling with:

- Severe Dyspnea
- Functional Disability
- Uncontrolled Pain
- Appointment Burden

Population Health Value

- ↓ **Reduces** avoidable ED visits
- ↓ **Reduces** hospital admissions & readmissions
- ↑ **Improves** ACP completion rates
- 🎯 **Ensures** goal-concordant care
- 💰 **Supports** value-based performance

Center for Refugee and Immigrant Health

Jefferson Welcomes South Philly

The Wyss Wellness Center offers expanded, full-service primary care including screening, labs and more to everyone from infants to seniors.

Easy access to public transit

Proudly located in the heart of South Philly in the Bok Building at
1902 South 8th Street, Philadelphia, PA 19148

Call to schedule your appointment at **215-503-7194**
Interpreters Available

Many changes, same mission

Comprehensive primary care site for immigrant community in partnership with SEAMAAC

- Transitioned to a Jefferson practice 9/2025
- Dr. Nina Kvaratskhelia joined 11/2025
- Jefferson Cardiology joined 9/2025
- Genevieve Post joined as BHC 12/2025
- Welcomed 1818 Passyunk Family Medicine
 - Yola Sara, NP
 - Mark Zibelman, MD

Wyss Institute in Northeast Philly

- Largest senior center in Philadelphia, serving the larger immigrant community in NE Philadelphia
- Comprehensive programming to over 2000 Ukrainians, including school and summer camp
- **Satellite primary care practice launches 9/2026, including NP, SW, RN and CHW**

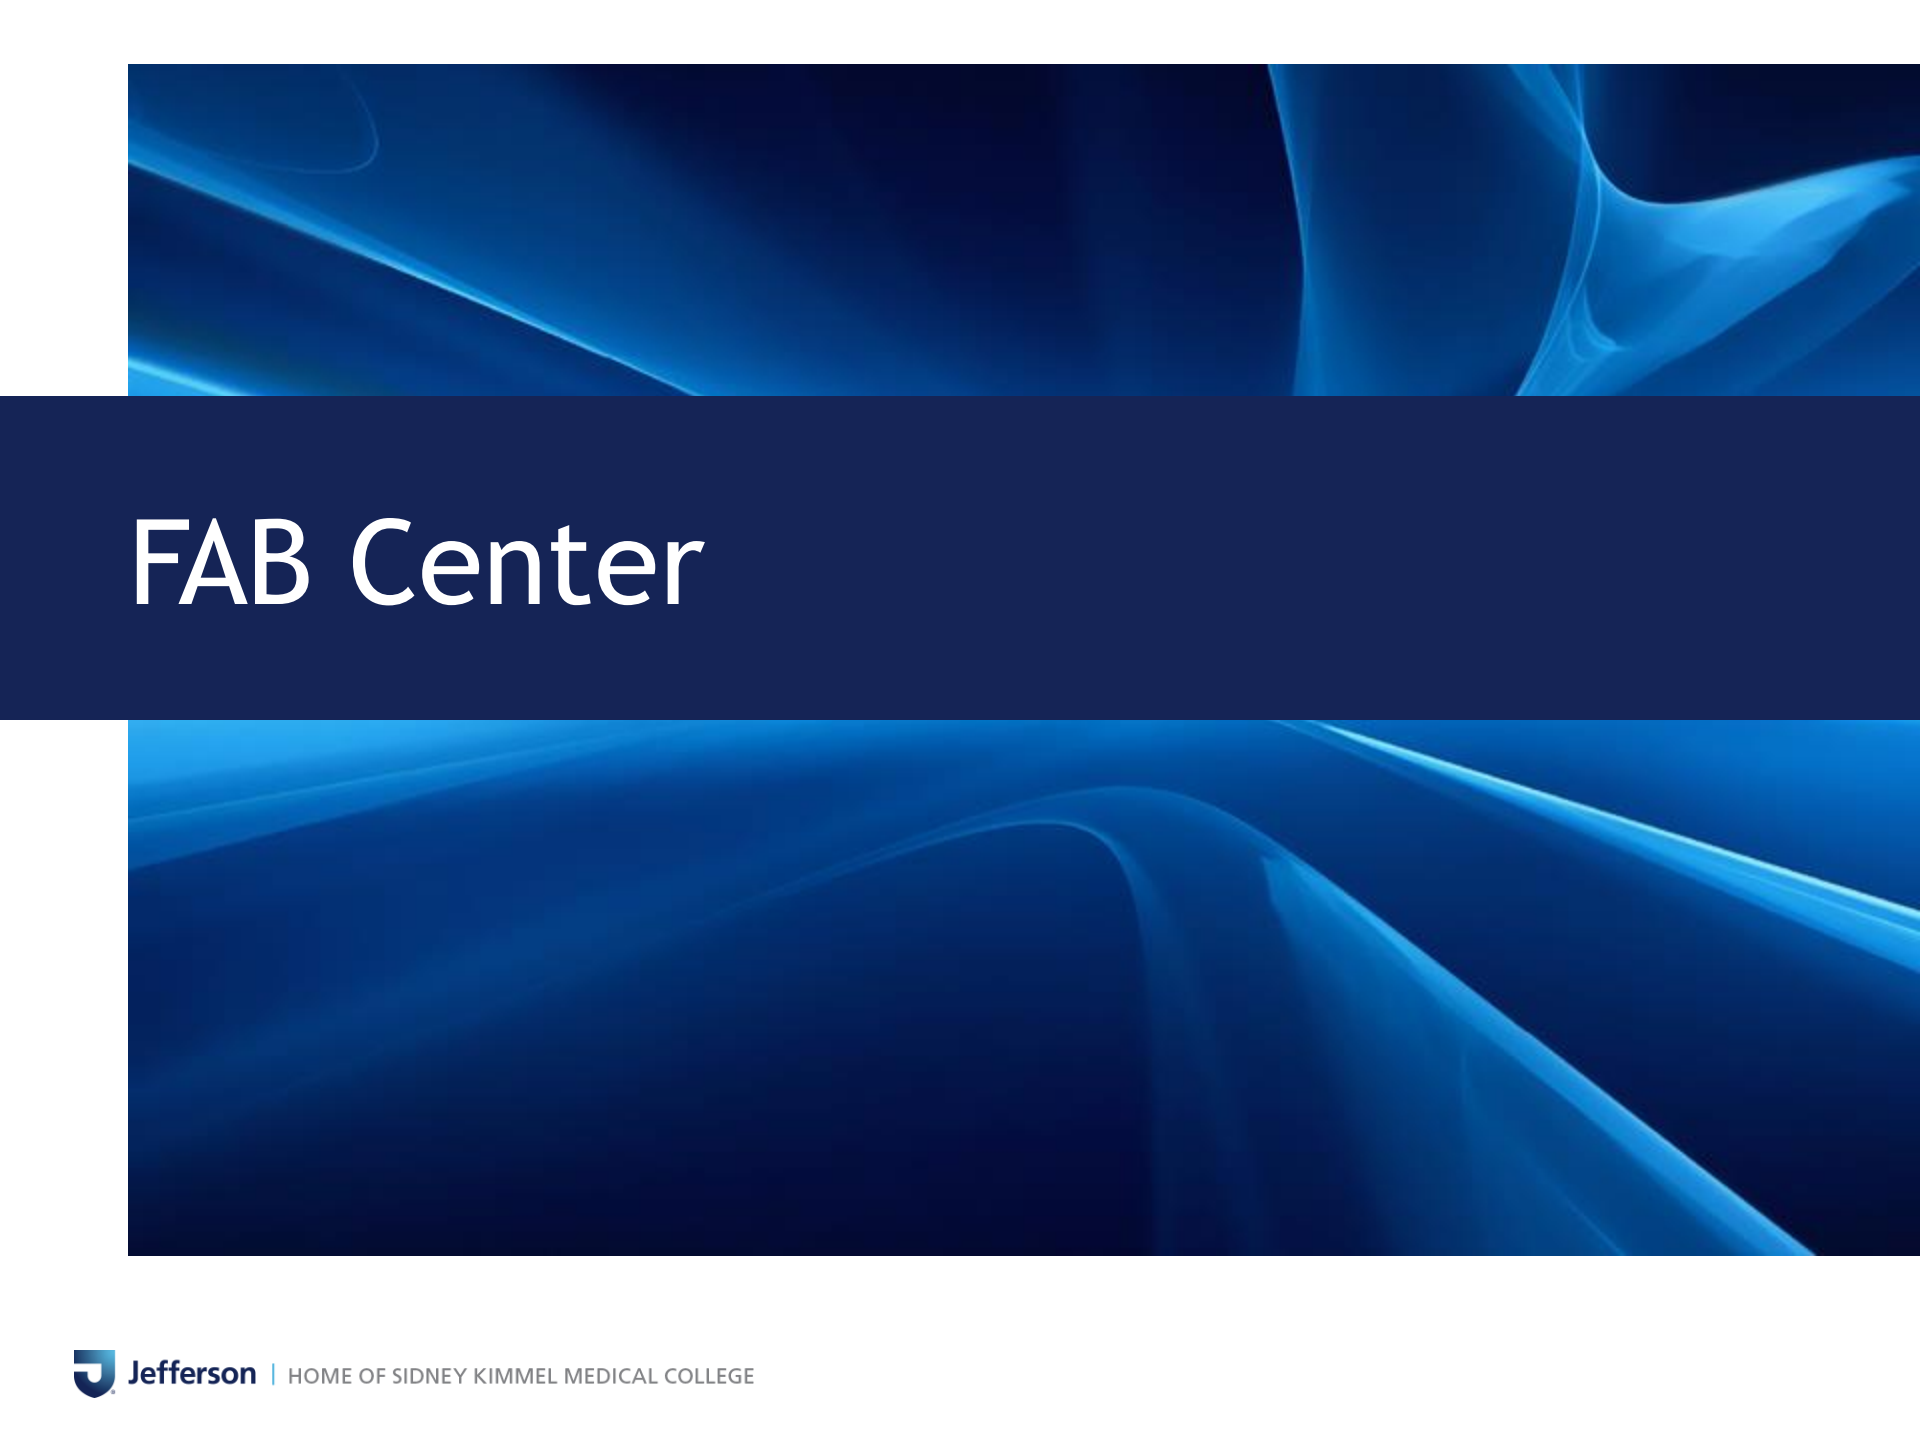

Federation Housing

- Partnering with Jewish Federation housing to provide access and **home care services** to tenants in many of their neighboring buildings

Expanded primary care sites

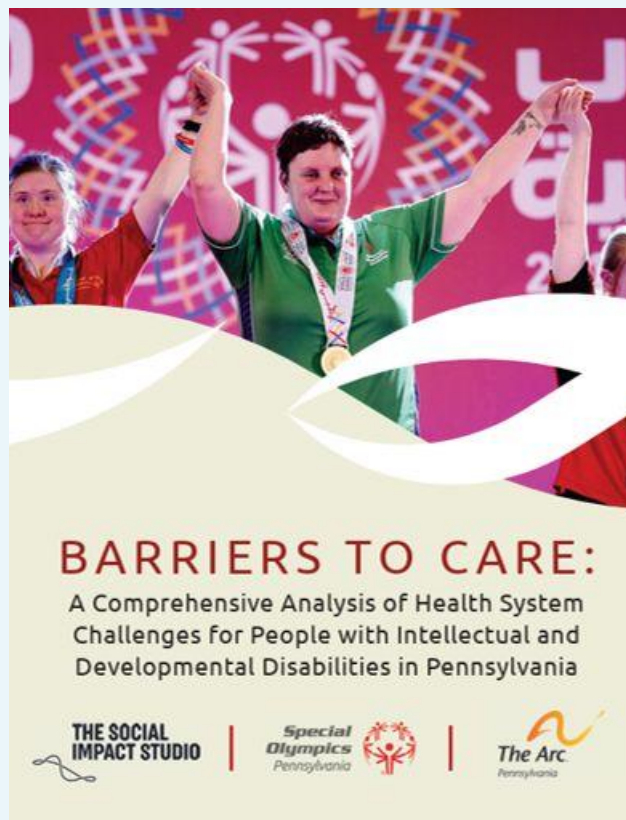

- **Renovating and expanding** 3 existing Jefferson-Einstein practices
 - Center One Family Medicine
 - Center One Geriatrics
 - Mayfair Family Medicine

FAB Center

A model that advances the field

Highlighted as a model program for the State

Education in the clinical setting and disseminated online

523 hours of community benefit activities in 2025 (Camp PALS, Special Olympics)

Virtual FAB Center Pilot

- Virtual FAB Center pilot program launched January 2026
- Comprehensive telehealth services in consultative model
- Two-part process with social worker and FAB physician
- Patients receive a customized plan with individualized information, including recommendations for medical and social needs
- Want to refer a patient? Call **215-503-7136** or Send **EPIC message to JUP FAB CENTER SCHEGISTRATION pool with “FAB Consult”** as subject line.

Health and Wellness Programs

- Eagles Autism Foundation grant- In Motion, In Community: Wellness for People with IDD/A and Their Supporters
- Collaboration with JCN and Special Olympics PA
- We will be conducting health screenings and hosting a 6-part series on health and wellness for people with IDD/A

- TJUH Women's Board Grant to *improve understanding of healthy beverage choices and weight loss*
- Partnered with National Down Syndrome Society (NDSS) to purchase 321go! Exercise kits for distribution in clinic

Disability and Language Access Conference in April

- 2-day conference on April 29-30, 2026
- Our aim is to bring light to the health disparities and access of people with IDD and people who use a language other than English.
 - Keynote speakers
 - Patient and communication panels
 - Self-advocate presentations
 - Clinical interpreter workshops
 - Research poster presentations

View the registration and poster submission links here!
