KANBAR COLLEGE of DESIGN, ENGINEERING and COMMERCE

SCHOOL of BUSINESS

## CAREER and INTERNSHIP HIGHLIGHTS

Our interdisciplinary program is designed to broaden your personal and professional experience while you earn your BS, MBA and CPA. We prepare you for a lifetime of learning and growth opportunities. Many of our distinguished alumni are partners, CFOs and more for area, regional, and international firms including, but not limited to: Pricewaterhouse Coopers; KPMG; CBIZ; Clifton Larson Allen; Stephano Slack, LLC; Rudney Smith, CPAs; and Isdaner & Company, LLC, CPAs. Students can earn internships with top area and international firms.

**Jefferson**

Thomas Jefferson University

Jefferson is known for crossing disciplines to reimagine the way students learn with an approach that is collaborative and active; global; integrated with industry; focused on research across disciplines to foster innovation and discovery; and technology-enhanced. As a national doctoral research university, Jefferson delivers high-impact professional education in 160 undergraduate and graduate programs to 7,800 students in architecture, business, design, engineering, fashion and textiles, health, social science and science.

The School of Business prepares students for the future of business with the disciplinary depth and interdisciplinary breadth to innovatively confront the challenges that exist in the 21st-century and beyond. The school reflects the University's focus on innovation, professional training and the liberal arts through active learning and real-world problem solving, and emphasizing collaboration across disciplines and with external partners for professional readiness and networking exposure.

## PROGRAM HIGHLIGHTS

- Learn from expert faculty with advanced degrees, certifications and professional experience.
- Collaborate with students from disciplines ranging from fashion to occupational therapy, on projects for companies such as Comcast and Unilever.
- Prepare for rewarding careers in public accounting, corporate accounting and similar positions in government and non-profit settings.
- Study abroad, with a variety of options available in different firms and countries.
- Choose to accelerate your career and income potential by enrolling in our MBA/CPA program with one additional year of study, including an opportunity to successfully complete the CPA examination as a part of the program. This five-year MBA/CPA program includes a scholarship to the preeminent national Becker CPA Examination Review Course, which can be taken during your last year of study.
