Jefferson is known for crossing disciplines to reimagine the way students learn with an approach that is collaborative and active; global; integrated with industry; focused on research across disciplines to foster innovation and discovery; and technology-enhanced. As a national doctoral research university, Jefferson delivers high-impact professional education in 160 undergraduate and graduate programs to 7,800 students in architecture, business, design, engineering, fashion and textiles, health, social science and science.

The School of Design and Engineering emphasizes in-depth exploration of individual design and engineering disciplines, while encouraging interdisciplinary communication and collaboration. Classes stress conceptual thinking, design excellence, intellectual curiosity and creative expression, combining a focused concentration on one particular field with a broad-based educational foundation that fosters critical thinking skills in a global context. This multi-tiered approach provides graduates with the knowledge and skills to navigate professional challenges successfully and to reap the rewards of leadership and success in their careers.

**PROGRAM HIGHLIGHTS**

As the premiere institution for textile design, we prepare creative and passionate students who are makers, problem solvers, creators, solutions seekers and innovators.

- Enjoy dynamic maker spaces in our Fashion & Textiles Futures Center.
- Cultivate inspiration from the curated archives of The Design Center at Jefferson: an amazing collection of textiles, fashions and accessories.
- Study abroad in Scotland, New Zealand, England, Italy, Japan and more.
- Collaborate across disciplines on projects for companies like Under Armour and Sunbrella.
- Build your network of industry leaders through design symposia and immersive field trips to artisan studios, textile innovators and centers of global design.
- Create fantastic textiles that are featured in our renowned Annual Fashion Show that attracts 2,000 guests each year.

**CAREER and INTERNSHIP HIGHLIGHTS**

Excellent Textile Design opportunities abound! Interiors and fashion companies are always looking for great new talent.

- Get recruited by alumni for great positions in leading design firms including Anthropologie, Nike, Free People, Lilly Pulitzer and Knoll.
- Create gorgeous prints, wovens and knits as a designer for fashion, home furnishings and accessories for URBN and LWD.
- Develop an entrepreneurial venture focused on artisanal craft, sustainable design or textile innovation, with support from Jefferson’s Blackstone Launch Pad.
