Telehealth Facilitator

Graduate Certificate in Telehealth

🔔 Spring 2020 students, click the Modules link in the left navigation menu to get started after viewing the content on this page.

Faculty message

Welcome to the *Telehealth Facilitator* course. The goal of this program is to provide you with expertise on the subject of telehealth (definitions, history, and modes of delivery), and to prepare you for the role of a telehealth facilitator - including details of telehealth delivery, technical troubleshooting, and legal aspects.

We look forward to meeting each of you this semester. Take a few moments to review the [course syllabus](#) and the syllabus review video found in the Orientation Module (select Modules to view this content).
