

College of Health Professions

Overview for Transfer Students

The College of Health Professions is committed to educating healthcare professionals of the highest quality and ethical standards for contemporary practice in the global community.

Our Campuses

- **East Falls** - traditional undergraduate degrees for first-year and transfer students at any stage in their undergraduate career
- **Center City** - specialized undergraduate degrees designed for transfer students who have met certain prerequisite requirements

Health Sciences B.S.

This undergraduate program provides a foundation for students looking to pursue graduate degrees and careers in the health professions. Through a wide array of electives including psychology, nutrition, genetics, and public health, you can fulfill prerequisites for graduate programs, explore a variety of academic interests and prepare for a spectrum of different career choices.

Professional Pathways and Combined Degree Options

- Health Sciences B.S./ Community and Trauma Counseling M.S.
