The Pennsylvania Department of Health recently effectuated and published the recommendations from the Medical Marijuana Advisory Board (PA Bulletin 48 Pa.B. 2767 & PA Bulletin Notice 48 Pa.B. 2898). The recommendations include an updated list of qualifying conditions and expands the form of medical marijuana permitted to include dry leaf or plant form for administration by vaporization. The updated lists are also provided below (changes are highlighted in blue).

**Serious medical condition**—Any of the following conditions:

(i) Cancer, including remission therapy.
(ii) Positive status for Human Immunodeficiency Virus or Acquired Immune Deficiency Syndrome.
(iii) Amyotrophic lateral sclerosis.
(iv) Parkinson's disease.
(v) Multiple sclerosis.
(vi) Damage to the nervous tissue of the central nervous system (brain-spinal cord) with objective neurological indication of intractable spasticity, and other associated neuropathies.
(vii) Epilepsy.
(viii) Inflammatory bowel disease.
(ix) Neuropathies.
(x) Huntington's disease.
(xi) Crohn's disease.
(xii) Post-traumatic stress disorder.
(xiii) Intractable seizures.
(xiv) Glaucoma.
(xv) Sickle cell anemia.
(xvi) Severe chronic or intractable pain of neuropathic origin or severe chronic or intractable pain.
(xvii) Autism.
(xviii) Neurodegenerative diseases.
(ix) Terminal illness.
(xx) Dyskinetic and spastic movement disorders.
(xxi) Opioid use disorder for which conventional therapeutic interventions are contraindicated or ineffective, or for which adjunctive therapy is indicated in combination with primary therapeutic interventions.

**Medical marijuana**—Marijuana for certified medical use, limited to the following forms:

(i) Pill.
(ii) Oil.
(iii) Topical forms, including gels, creams or ointments.
(iv) A form medically appropriate for administration by vaporization or nebulization, including dry leaf or plant form for administration by vaporization.
(v) Tincture.
(vi) Liquid.
